Host families sought for Irish children

Project Children is currently accepting applications from families interested in acting as host families for the summer of 1990. Host families accept children from the war-torn areas of Northern Ireland as guests in their homes for a six-week period each summer. The children range from 9 to 14 years of age.

Air and land transportation are arranged and provided by the local division of Project Children. Also provided are insurance and provisions for reimbursement for any necessary and unexpected medical expenses. Applications may be obtained from Charlie Boyle, area coordinator, by calling 655-0158 or Joe

McAndrew, area chairman at 655-0154. Applications are also available from any member of the Donegal Society or by writing to: Project Children, P.O. Box 2735, Wilkes-Barre, Pa. 18703. The local division of Project Children is sponsored by The Donegal Society of Greater Wilkes-Barre.

Trucksville Nursery registration Feb. 2

The Trucksville Nursery School, located in the Trucksville United Methodist Church will hold its annual Registration Day on Friday, Feb. 2. The school celebrates its 21st year of service to the Back Mountain community and surrounding areas.

This year there are 16 classes of children ages two through five years old. Our emphasis is on socialization and developing a child's self esteem. There are a variety of field trips throughout the year and opportunities for the children to become more aware of the world around them.

This month the children are involved in learning activities relating to the winter season. They are discussing proper dress for winter, hibernation, and care of winter birds. The children will have their eyes tested by the Pennsylvania Blind Association. Another special project has been learning about endangered species.

This year's focus for three's is the dolphin and our four and five year olds will learn about endangered birds.

Our preschoolers are involved in making crafts related to the current theme, role playing, sing-

ing, and action games without experiments.

Our prereadiness program has been designed to help develop small motor skills and basic concepts. Children in the four and five year old classes use their skills in a

unique learning lab setting.

For more information feel free to call the Nursery School office weekdays at 696-3897 or stop in to visit between 10 a.m. and noon or 1 p.m. and 3 p.m. on Registration Day.

1990 dog licenses are overdue

Farmers who own a dog or dogs should be reminded that a dog license on each dog they own is an insurance policy on any livestock they have that is killed by a dog, coyote or dies from rabies.

Payment for livestock killed by dogs, coyotes or dies from rabies can only be made to farmers or livestock owners who keep the dogs they own licensed each year.

Also a dog license is proof of ownership and becomes very important to the dog owner if it should stray from their property.
