Commission recommends forming a water authority

By CHARLOT M. DENMON
Staff Writer

George Gwilliam of Harveys Lake reported at the Back Mountain Water Commission's last meeting that there are townhouses being built at Hanson's and that DER has been investigating more contamination of the water supply at the Harveys Lake Borough.

Dallas Township member Joseph Grimes called the members' attention to new townhouses being constructed on the College Misericordia campus.

The members discussed the impact these additional developments will have on the Back Mountain's water resources and finally approved a recommendation that a water authority be set up to handle the development and water problems in the Back Mountain.

It was suggested that the Commission contact the Dallas Area Municipal Authority about adequately advising the municipalities about the water supply since DAMA is already chartered as a water authority.

Dallas Township approves three subdivision plans

By CHARLOT M. DENMON
Staff Writer

Applications for sub-divisions submitted by five property owners at the April 17 meeting of the Dallas Township planning and zoning boards which were tabled until a special meeting April 24, were acted upon with three approved and two disapproved.

The township planning and zoning approved College Misericordia's sub-divisions request for the purpose of building townhouses on the campus; the Keenan sub-division on Goodleigh Farms because the Luzerne County Planning Commission expressed reservations about a road.

Dallas Township supervisors at a meeting Tuesday, May 1, approved a motion that in all future

developments, there would be no approval until the township's engineer investigated proposed developments and reported his evaluation to the supervisors.

Chairman Phillip Walter reported that he attended a recent conference where information concerning building permits and codes were discussed. Walter said he learned that if the township wanted to adopt parts of the Boca Code they could do so without having a fulltime building inspector.

"We could insist that the builder request the National Underwriters to do the inspection at the builder's expense. We would not have to bear the expense and the builder could include the inspection costs in his building fees," Walter explained.

Adopt-a-pet

This black labrador shepherd mix three-month-old pup was brought to the SPCA because she was not wanted. Just a three-month-old female, she has had her shots but has no name. She is loveable and likes to play and will make a good pet. Won't someone stop in and take her home. She needs someone to treat her kindly. Stop in and see her at the SPCA, 524 Main St., Fox Hill, Wilkes-Barre or call 825-4111 for information about the puppy.

Bowlers ask for pledges

Bowlers for the Saurday, May 19, Bowl for Kids Sake to Benefit Big Brothers/Big Sisters of the Bridge, are asking Luzerne County residents to pledge a contribution for each pin they score in one game.

"The proceeds of this event provide, approximately 40% of the dollars necessary to serve the needs of children from single parents families in our community," say Lois Hartel and Ian Richardson, co-chairperson of the bowlathon. This event is being sponsored by Pepsi and Miller Lite. "Let's show we care and be a Pin Pal. If you haven't been asked to sponsor a bowler but are interested in helping call 824-8756 or 1-800-955-HERO and make a pledge." Big Brothers/Big Sisters is a United Way Agency.
