

COMMUNITY

Education Association gives donation

The Dallas Education Association (DEA), composed of the teachers, librarians, nurses and guidance counselors of the Dallas School District recently presented a check for \$500 to the Back Mountain Memorial Library in recognition of the vital educational role that the public library performs in the community. In addition to the donation, several Association members also contribute their time and service through the various booths and attractions at the upcoming auction. Further, the DEA encourages all area organizations, businesses and individuals to support and contribute to this worthwhile fundraising project. The Dallas Education Association is affiliated with the Pennsylvania State Education Association (PSEA) and the National Education Association (NEA). Pictured are Connie Scott, Library Auction Chairperson, and Bill Wagner, DEA President. (Photo by Buda Photo Design)

Historical and Geological society holds photo contest

What image best represents Luzerne County to you? Express yourself by entering the first Annual Photography Contest sponsored by the Wyoming Historical and Geological Society (WHGS) and the Wyoming Valley Camera Club. The theme of the competition is "Luzerne County 1990". In conjunction with the exhibit currently on display at the museum of the WHGS, celebrating "150 Years of Photography in the Wyoming Valley," this competition was designed to encourage today's Wyoming Valley Photographers to capture our region as the photographers in our exhibit did in the past.

The exhibit which will be on display until November focuses on the works of five photographers from the area and features images of Wilkes-Barre, Pittston, Harveys Lake and many other local towns from the 1870's to the 1940's. A portion of the exhibit explains the development of the photographic process from the Daguerrotype to the Kodak snapshot. "150 Years of Photography in the Wyoming Valley" was made possible in part by a grant from the Pennsylvania Council on the Arts, with additional support from Lyons Studios and Ace Hoffman Studios.

All eligible entries to the contest will be exhibited at the museum of the Wyoming Historical and Geological Society from August 25

through October 13, 1990 and at the Luzerne County Folk Festival from October 25 through October 28. Entries must have been taken within the confines of Luzerne County and should show some aspect of life within the area. All photographs - black and white, color, non-silver, etc., are eligible. Prints must be framed and ready to hang. Print size must fall between 8" x 10" and 11" x 14" with identifying labels permanently affixed to the back. Entries must be delivered to the museum at 69 S. Franklin St., between July 24 and August 11, 1990. Prizes will be awarded in adult, young adult and youth categories. All entered photographs must be accompanied by a \$3.00 entry fee and an official entry form.

Complete specifications and entry forms are available at the following locations: the Society Library, 49 S. Franklin St. and the museum, 69 S. Franklin St., Ace Hoffman Studios, Camera Pro, Jewelcor Camera Dept., Marquis Art and Frame, Professional Photographic Services (PPS), Ritz Camera Dept. at Boscov's in Wilkes-Barre and Hazleton, Hurjax Photo and Video, Inc. or by sending a self-addressed stamped envelope to the WHGS, 49 S. Franklin St., Wilkes-Barre, PA 18701. For information, call the Society at 823-6244.

Christian Women's Club to hold fitness breakfast July 18

The Wilkes-Barre Christian Women's Club will hold their breakfast brunch at Gus Genetti's Restaurant, Market Street, Wilkes-Barre on July 18, from 9:30 a.m.-11:30 a.m. Cost: \$5.50.

Only Penn State Gives You So Many Choices!

The first two years of most of Penn State's 150 four-year baccalaureate degree programs are available at the Wilkes-Barre Campus. All credits are transferable to any other Penn State campus including University Park. Listed below are just some of the majors which you may begin at PENN STATE WILKES-BARRE:

- Accounting
- Administration of Justice
- Advertising
- Aerospace Engineering
- Agricultural Business Management
- Agricultural Economics and Rural Sociology
- Agricultural Education
- Agricultural Engineering
- Agricultural Mechanization
- Agricultural Science
- Agronomy
- American Studies
- Animal Bioscience
- Animal Production
- Anthropology, General
- Anthropology, Medical
- Architectural Engineering
- Art
- Art Education
- Art History
- Astronomy
- Biochemistry
- Biology
- Broadcast/Cable
- Business Administration
- Business Logistics
- Ceramic Science and Engineering
- Chemical Engineering
- Chemistry
- Civil Engineering
- Classics
- Communication Disorders
- Comparative Literature
- Computer Engineering
- Computer Science
- Dairy and Animal Science
- Dairy Production
- Division of Undergraduate Studies — Undeclared Majors
- Earth and Mineral Sciences
- Earth Sciences
- East Asian Sciences
- Economics
- Education
- Electrical Engineering
- Elementary and Kindergarten Education
- Engineering
- Engineering Science
- English
- Entomology
- Environmental Engineering
- Environmental Resource Management
- Exercise and Sport Medicine
- Film and Video
- Finance
- Food Science
- Foreign Service and International Politics
- Forest Products
- Forest Science
- French
- Fuel Science
- General Arts
- General Arts and Sciences
