THE PERFECT CARE PACKAGE FOR COLLEGE STUDENTS.

Power-assisted, rack-and-
pinion steering eases
tight parking on campus.

Fuel-efficient, two-
liter engines stretches
student budgets.

Front-wheel drive
improves attendance
in bad weather

Prerequisites for safety:
driver's-side air bag, rigid
steel safety cage, and
anti-lock braking system.

Holds more than some
dorm rooms (a generous
56.5 cubic feet).

You're looking at the auto industry's
most complete college survival kit.

The Saab 900 has been rated the safest
car in its class based on injury claims filed
at the over 250 insurance companies of
the Highway Loss Data Institute. And with
prices starting at about \$17,000, it can also
help parents survive college.

Of course, the 900 makes a great stu-
dent car for a lot of other reasons, which
we invite you to peruse above.

Or, to continue your education, just
bring your son or
daughter to your local
Saab dealer for a
revealing test drive.
