Misericordia breaks ground for new athletic fields

College Misericordia officials recently broke ground on the south lawn of the campus for the redesign and building of new athletic fields. "The new athletic fields are part of the College's first phase of growth for the '90s," said Dr. Pasquale DiPasquale, Jr., Misericordia president.

The redesign and building of new athletics fields was included in the College's 5-year plan, along with the current new student townhouses project and joining the NCAA Division III. The fields will be named the "Anderson Athletic Fields" in honor of benefactors, Dr. and Mrs. Robert S. Anderson, of Wilkes-Barre, according to Dr. DiPasquale. The Anderson Athletic Fields will include soccer, field hockey and softball fields. Completion is expected early this fall.

"The Anderson Athletic Fields reflect the commitment to College Misericordia and the community by Dr. and Mrs. Robert Anderson in promoting the value of education, health and fitness," said DiPasquale.

In 1969, Dr. Anderson returned to this region when he retired as a full colonel from the US Army, having served for 31 years as a physician. Dr. Anderson specialized in public health and general

medicine, holding masters degree in public health from Johns Hopkins University and a medical degree in Temple University School of Medicine.

In keeping with their commitment to education, health and fitness, Dr. Anderson, who is now retired from the medical profession, also recently established the Anderson Endowed Scholarship Fund at Misericordia as a tribute to his wife, Geraldine, a former Coughlin High School girls' physical education director and presently a resident of Little Flower Manor, Wilkes-Barre. Both Dr. and Mrs. Anderson, graduates of Coughlin High School, established this scholarship to benefit Coughlin students.

Mrs. Anderson, a 1930 Coughlin graduate, developed and coached the school's girls' teams and promoted girls' sports in other local school districts throughout the area. She also created Coughlin's majorette drill team, which was the first of its kind in North-eastern Pennsylvania. She officiated at many girls' sporting events in the area and often spent her summers directing waterfront programs at New York and Pennsylvania girl scout camps.

Court sentences man for boating while intoxicated

A Luzerne County judge recently sentenced a West Wyoming man for boating under the influence of alcohol at Harveys Lake, according to a press release from the Pennsylvania Fish Commission.

The release said that Robert M. Lampman was cited by the commission on June 18, 1989 for operating a boat while under the influence of alcohol.

The case was referred to the Luzerne County Court and on June 6 of this year Judge Bernard Brominski placed the defendant in

the Accelerated Rehabilitation Program (ARD) for one year.

The press release also noted that the Fish Commission was not present at the sentencing because it was not notified of the proceedings. The release said that the commission has been successful in the past in prosecuting BUI cases.

Besides being placed in ARD, Lampman had his boating privileges revoked by the Fish Commission for a one year period. An appeal of this decision was also denied, according to the release.
