Richardson back from Gov's School

Michelle L. Richardson will return to Shavertown on August 4, after spending five weeks at Penn State's University Park Campus for the 1990 Pennsylvania Governor's School for the Agricultural Sciences

Richardson, a student at Lake-Lehman High School, is one of 64 outstanding high school students from the state to be selected from hundreds of applicants for her strong academic credentials and interest in science and technology.

The Governor' School curriculum included classes such as issues in farm animal welfare, animal physiology, nutrition and food science, genetics and economic

issues in agriculture. As part of her studies, Richardson also completed an independent study project on Catalase Activity in Listeria Monocytogenes During the Exponential Growth Phase vs. the Stationary Growth Phase (Aeration vs. Non-aeration Cultures). Dr. Stephen Knabel and Terry Amoroso of Penn State served as Richardson's mentors for the proj-

Richardson and her fellow scholars also had the opportunity to meet agricultural professionals and discuss career opportunities in the agricultural sciences and related industries such as food processing ness, education and international and agricultural communications.

Field trips and special activities held during the Governor's School included visits to Longwood Gardens, New Bolton Center, the Atlantic Breeders Cooperative and the U.S. Department of Agriculture Research Center in Beltsville, Md.

The Governor's School for the Agricultural Sciences is sponsored by the Pennsylvania Department of Education, the state's intermediate units and Penn State's College of Agriculture, Pennsylvania Governor's Schools also are offered in the arts, sciences, busistudies.

Coast Guard Academy seeks applicants The United States Coast Guard fields. lected officers may pursue further

Academy is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1995. Applications are being accepted for both men and women. Appointments as Coast Guard Cadets are tendered solely on the basis of an annual nationwide competition with no congressional nominations or geographical quotas. Applications must be submitted to the Director of Admissions prior to December 15, 1990. Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the December 1990 ACT and SAT test administrations. Appointments as Cadet are tendered based on the candidate's high school record, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in high school activities, community affairs and/or part-time employment. Most successful candidates rank in the top quarter of their high school class and have demonstrated proficiency in both the mathematical and applied science

Candidates must be unmarried at the time of appointment, have no legal obligations resulting from a prior marriage, and must have reached the age of 17 but not 22 by July 1, 1991.

All candiates must be assured of high school graduation by June 30, 1991. All candidates must have completed a minimum of three years of English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical requirements.

Coast Guard Cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The constantly updated Academy curriculum leads to a Bachelor of Science degree with a strong academic emphasis on engineering and science. The selected major studies, when combined with varied elective courses, establish a solid foundation for a challenging career. Graduates of the Academy are commissioned as Ensigns in the United States Coast Guard. Sepostgraduate education and specialized training at many leading civilian and military graduate or professional schools, in such fields as aviation, business administration, electronics, engineering, law and oceanography. The young Academy graduate can look forward to a varied, excit-

ing, and demanding career as a regular Coast Guard Officer. Under the Department of Transportation, the Coast Guard performs a variety of missions. These include search and rescue operations by ship and plane, maintenance of advanced electronic and other aids to navigation around the globe, operation of icebreakers which clear the way for all polar expeditions, and enforcement of marine law and all aspects of merchant marine safety. In addition, the Coast Guard has responsibility for boating safety and marine environmental protection.

To obtain an application or further information write: Director of Admissions, U.S. Coast Guard Academy, 15 Mohegan Ave., New London, CT 063320 or call (203) 444-8501.

Gov't study group seeks candidates

Registered voters who are interested in becoming candidates for the proposed Government Study Commission are urged by Citizens for the Study of Luzerne County Government to make plans to circulate their petitions next month.

The time for candidates to begin filing their petitions is between August 7 and August 28. An individual must collect 200 signatures on the petition in order for his or her name to be placed as a candidate on the ballot in November. It is from that slate of candidates that 11 people will be elected by the voters to the proposed Government Study Commission. If voters decide during the same election that they wish a study to be done of Luzerne County Government, then the candidates to the GSC will be valid. However if they de

place and the question is voted the registration department of the down, the election to the GSC will be moot.

To become a candidate for the Government Study Commission, one must be a resident of Luzerne also be obtained from any member County and a registered voter. of the Citizens for the Study of Petition forms can be obtained from Luzerne County Government.
