Dallas art students add festive theme to area businesses' windows

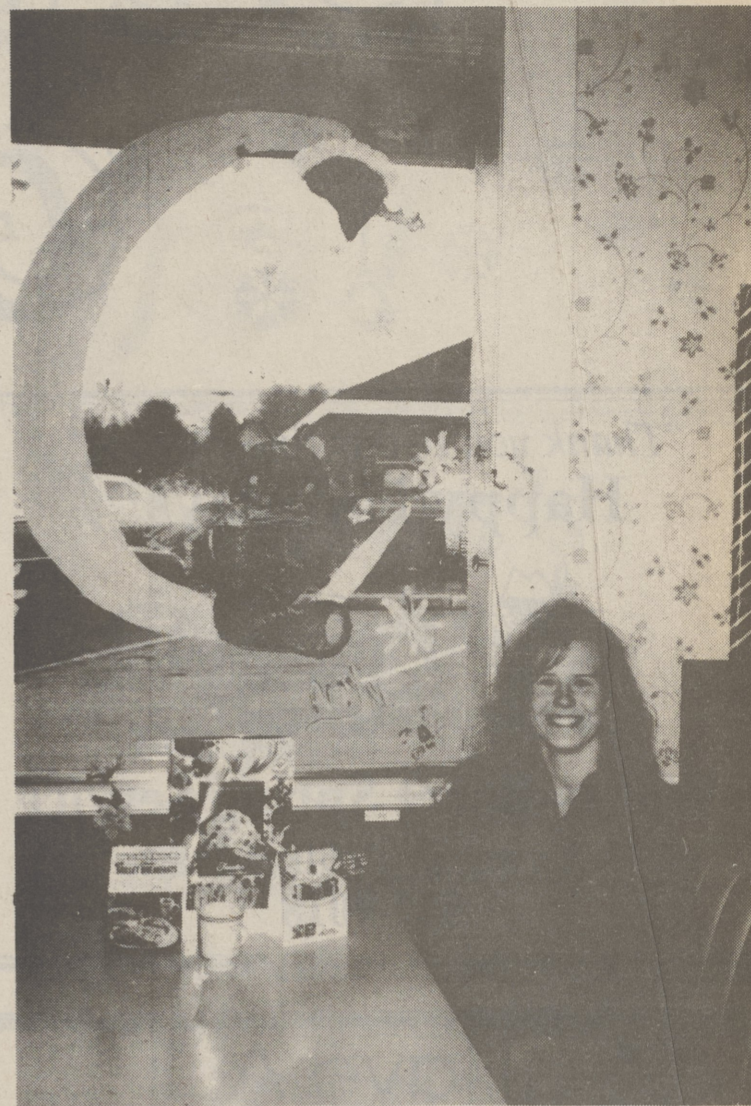

Rob Morris and Don Gruver, First Eastern Bank

Fifty art students from the Dallas Senior High School spent the day painting Christmas scenes on windows in the Dallas community. Under the direction of their art instructor Mrs. Jane Walzak, the students decorated windows at the Meadows Nursing Home, Friendly's Restaurant, Insalaco's and The First Eastern Bank.

The students were treated to lunch by the establishments and thoroughly enjoyed sharing their artistic talents, especially in this holiday season.
