Lehman bus owners will get more gas money

By CHARLOT M. DENMON Staff Writer

After a lengthy and serious discussion, members of Lake-Lehman School Board voted to increase payments to bus contractors in a ration equal to the increase in fuel prices at the Sunco Station in Lehman. Only board member Dr. John Presper voted against the motion.

"We are working on a very tight budget this school year," said board member Elizabeth Sichler, "but we really have no alternative. If the contractors are forced to operate at a loss due to continuing increase in gas, how we will get our students to and from school. We used to have a gas clause in the contracts but for some reason it was not included this year."

In other board action the directors appointed Sara Turner, RR 2, Dallas, to substitute teaching list. They also approved a sabbatical leave of absence for the purpose of travel for the second semester of the 1991-1992 school

year for Helen Frank.

Margaret Gardzilla, Noxen, was appointed as a custodial substitute and as a cafeteria substitute pending Act 34 clearance, and James Joseph Chase of Noxen was appointed as a maintenance and/or custodial substitute pending Act 34 clearance.

President Thomas Williams reported that the high school project was progressing smoothly with the only change being the elimination of one rest room which had originally been planned in one of the sports rooms.

The board approved a motion to add two new courses for high school students in the 1991-1992 school year; Principles of Technology and Applied Mathematics.

Board members discussed the financial position of the food service fund and agreed to evaluate short and long range alternatives to avoid operating the cafeteria at a loss.

The regular January meeting of the board will be January 8, 8 p.m.
