Investment Advice

Knowing what to look for when purchasing a coat and how to care for it will help you get the most out of your investment.

Purchasing Tips
Check for durability, warmth and construction. When buying a patterned coat, the pattern should match at all seams, pockets, lapels, and throughout the coat. Be sure the lining hangs evenly. The softer the weave, the more prone the coat will be to problems. A tightly woven weave wears better, mats less.

Check for comfort. Can you move around easily? Can you wear a suit jacket or sweater underneath the coat? A proper fit helps the coat look better and wear longer.

Coat Care Tips

- Always hang your coat in a well ventilated closet on a padded hanger.
- Never hang your coat by its neck on a coat rack.
- Never store your coat in a plastic bag.
- Always have your coat cleaned by an IFI member drycleaner before storing.
