

Lake-Lehman raises sports admission to \$3

By GRACE R. DOVE
Post Staff

Fans soon will be paying \$1.00 more to attend sporting events in the Lake-Lehman School District.

At its regularly scheduled meeting November 12, the Lake-Lehman School Board voted to increase the adult admission price for sporting events from \$2.00 to \$3.00, beginning with winter sports. Student admission will remain at \$1.00. The board also authorized the Secretary/Business Manager to advertise for bids for materials, supplies and equipment for 1992 fall sports, according to specifications as received.

Mrs. Susan Dobash and Red Jones were appointed to the nominating committee for officers for the 1992 school year.

The board also made the following personnel changes: Mrs. Regina Corbett was appointed supervisor of special education/psychologist, at an annual salary of \$48,000, which will be prorated as of December 1, 1991. Substitute teachers Melinda L. Genet (elementary), Paul L. Campbell (mentally/physically handicapped) and Vita Reddy (Spanish) were appointed. Pending Act 34 clearance, Mary Erwine and Cynthia Nemetz were appointed nurse substitutes.

The retirement of Carl Aston, night custodian at the Lehman-Jackson Elementary School, was approved effective January 3, 1992, while custodial substitutes Paul P. Moore and Ronald Autieri were appointed custodial substitutes pending Act 34 clearance. Theodore Baker, Doris Vander-

pool, Carl Casterline and Joyce S. Smales were approved as individual bus drivers.

Furloughed food service worker Donna Shaw was recalled to a three-hour position effective October 16, 1991, at the hourly rate of \$4.65, the rate of pay at the time that she was furloughed. The vacancy had been created when Lou Ann Alters moved to a five-hour position at Ross Elementary. The school board noted that all furloughed food service personnel who wish to return to work have now been recalled.

In financial business, the board authorized the secretary to notify tax collectors that final reports for the 1991 real estate and per capita taxes are due in the secretary's office by January 14, 1992. The board also approved the opening of a new savings account for the new ESEA Chapter 1 program, as is customary with each year's new program. An adjustment to the payment schedule with IU #18 from three to twelve equal payments was voted, and an increase in the late payment fee from 2% per week to 6% per annum.

January meeting dates include a reorganizational meeting Tuesday, December 3 at 7:30 in the auditorium of the high school, to be followed immediately by a committee-of-the-whole meeting in the board room of the Lehman-Jackson Elementary School. The next regularly scheduled school board meeting is scheduled for Tuesday night, December 10, in the library of the Lehman-Jackson building.

Dallas Elementary third graders collect food

Third grade students at the Dallas Elementary School recently gathered food for the Back Mountain Food Bank as the culmination of a series of projects having to do with the community. Shown from left are students from each of the classes involved. First row: Joe Rogers, Jeff Bolton, Katrina Rosser, Lindsay Carpenter, Jill Matley, and Ryan Stredny. Second row: Colin McHale, Mary Dudasick, Kelley Adams, and Seth Yeager. Their teachers are Florence Gauthier, Cathy Flick Carole Hayden, Fred Wesley, Mary Nulton. (Post Photo/Eric Foster)

Mobile homes

A vote by the supervisors to take over a 300-foot-long unpaved dead end extension of Valley View Drive prompted an outcry from John and Marilee Manganiello, who own a home on the dirt road.

The township was unlikely to pave the road according to Box, and the supervisors abandoned the road early in 1991 because that would allow the Manganiellos to pave the road if they wished.

"The township felt at the time that the property owners wanted it that way," said Box, who added that he and John Manganiello discussed the idea before the road was abandoned, and said Manganiello agreed with it.

"They also determined that because only one house was served by the road, the township would in effect by maintaining the driveway of that house," said Box.

The Manganiellos are upset because they claim that it has cost them approximately \$6,000 to maintain the road, which they say they never wanted the township to abandon, and for lawyer's fees. The Manganiellos appealed last winter's decision to abandon the road to a Board of View, which can award compensation to property owners when roads are abandoned.

The township took back the road because there is now a second house on it, according to Box, and

because the damages that might be awarded by the Board of View are unpredictable.

"Consequently, the supervisors felt that the cost of providing maintenance would ultimately be less than paying damages," said Box.

At the meeting, the township also had the first reading of the ordinance adopting the 1992 budget.

The total proposed budget for 1992 is \$1,097,019, a 1.8% increase over 1991's budget, and includes a \$95,000 cash balance at the end of the year.

The township's taxes will remain the same, with a 5 mill real estate tax, and 1% earned income tax, and a 1/2% real estate transfer tax.

The budget will be read a second time on December 11. On December 15, it will be submitted to the state's Department of Community Affairs.

Announcements

- Because of the Thanksgiving holiday, recycling and refuse collection in the township will be conducted on Friday, November 29 instead of Thursday, November 28.

- The winter parking ordinance is in effect. Vehicles must be removed from township streets between 2 a.m. and 6 a.m.

Teacher saves

ers went to visit Lacey at Nesbitt Hospital.

"We also want to thank the ambulance and EMT for their response," said Tetschner.

"They came back to let me know her condition," added Roeder.

Lacey remembers little of the accident, and Roeder and Tetschner call that a blessing.

"Right now, I think Lacey would like to put this well behind her," said Roeder, "and I thank God she can do that."

DAMA suit

eligible to go to trial, but go through arbitration instead.

If the suit makes it to a jury, the jury will decide on the actual award.

A preliminary objection, filed on September 27 by DAMA's solicitor, Benjamin Jones III, argues that the Legislature has given municipalities the power to make exclu-

sive contracts.

A judge will be given the briefs from both sides, and may decide that the lawsuit should be dropped.

If the judge decides that the lawsuit should continue, DAMA will have to file an answer, which admits or denies the allegations made in the suit and explains why.
