

## Police on lookout for trio who tried to pick up child

Dallas Borough police are asking parents to remind their children not to accept offers of rides from strangers. Dallas police are investigating an incident December 11, in which three suspects attempted to entice a child leaving a school bus to go for a ride with them.

Police said that the one female and two male suspects were observed driving a gray four-door Chevrolet sedan, possibly a 1978 to 1980 model. Police ask anyone having information on this incident to call the Dallas Borough police.

If any similar incidents occur, police request that as complete a description of the occupants and vehicle and a license number, if possible, be reported immediately to the nearest police station.

Korbeil's car spun around, coming to rest facing north in the southbound lane. The other vehicle stopped, then suddenly left the scene. The other car was severely damaged, to the point that the nose of the car was left at the scene, police said.

Wilson told police that he did not know if his light was red or green.

The pickup truck was driven by Robert Bogumil, 34, of Pershing Street, Wilkes-Barre.

Bogumil told police that he had the green light. Police said that the occupants of the vehicle coming from Church Street also said they had the green light.

Both vehicles were towed, but no one was injured, police said.

Investigating officer was Ptl. Robert Weiss.

## Lake-Lehman adds shop and computer programs

During its regular meeting December 10, the Lake-Lehman School Board inspected the latest additions to the high school's shop and computer programs. Shop students demonstrated the setup and operation of the computerized CNC lathe, while electronics students showed off a computerized DC series motor. Work stations in the new computer lab and computerized yearbook facility were also open for observation.

In other business, two temporary professional employees, Ellen Campbell and Jeanne Sweinberg were approved for tenure, having fulfilled all Pennsylvania Department of Education requirements for permanent certification.

Catherine Wolfe was appointed SADD advisor and student council advisor, Eugene Shendock was appointed Key Club advisor. The salaries for these positions have been stipulated in the present contract.

A new position of full-time night custodian, whose time will be evenly divided between the high school and Lehman-Jackson Ele-

mentary School, has been created. The Buildings and Grounds Committee noted that the 20-year-old Lehman-Jackson school requires more attention and the new addition at the high school has created more space to be maintained. The position was not filled at the meeting.

The board voted to extend school bus route 23 to accommodate a new student to the district.

District representatives to West Side Area Vocational-Technical School reported that as of the end of the 1991-1992 school year, the sheet metal and upholstery programs will be discontinued, due to declining enrollments and a lack of employment opportunities for program graduates. Mildred Dobash, Kenneth Williams and Joseph Jones represent the district at West Side Tech.

The next committee-of-the-whole meeting was set for Tuesday, January 7, 1992, at 7:30 p.m. in the Board Room of the Lehman-Jackson building. The next regular monthly meeting for general purposes will be held Tuesday, January 14, 1992, at 8 p.m. in the library of the Lehman-Jackson building.

## Lake Township's new budget has no tax increase

Lake Township's proposed 1992 budget calls for taxes to remain the same as they have been since 1975.

The township's supervisors passed the proposed budget at their meeting December 14.

The total budget calls for \$213,425 in spending, an increase of \$20,000. Spending will be about \$111 for each of the township's 1,924 residents.

The tax rates will be a nine mill real estate tax, a \$5 per capita tax, and 1/2% real estate transfer tax, and a 1/2% earned income tax. A mill is a \$1.00 tax on each \$1,000 of assessed property valuation.

Of the total budget, about 11% is for general government administration, 29% is for public safety,

29% is for highways, 27% is for insurances, employee benefits, and withholdings, 3% is for cemeteries, libraries, and health services, and 1% is for debt services.

The following raises for personnel have been included: road foreman, from \$7.25 to \$7.50 per hour; laborers, from \$6.75 to \$7 per hour; police chief, from \$7 to \$7.50 per hour; police officer, from \$6.50 to \$7 per hour, and secretary, from \$6,000 to \$6,960 per year.

Funds for public safety have been increased to pay for the purchase of a new police cruiser. Police protection will remain at twelve eight hour shifts per week, if and when a qualified police officer is hired.
