Girl Scouts will start cookie sale Jan. 24

Penn's Woods Girl Scouts will start their annual Cookie Sale on January 24.

You may not realize that when you place an order for Girl Scout cookies, you aren't just satisfying your annual craving for thin mints, and you aren't just pleasing your aunt by ordering a couple of boxes for her.

Your annual purchase of Girl Scout cookies does so much more. You might be helping a girl explore a future career in sales, accounting, or merchandising. Selling Girl Scout cookies may give a girl her first experience in the business world. That's something young people need today, to help them succeed in the competitive job market of tomorrow.

Local Girl Scout troops benefit

directly from the Cookie Sale. Proceeds from cookies support anti-drug programs, arts and crafts workshops, Council-wide events, and Wider Opportunities that take girls to such places as the Savannah Birthplace of Girl Scouting, as well as grants to help girls go to Camp Louise in the summer.

Do you know any other organization in which every member works so hard so the organization can be self-supporting?

When you are asked to buy Girl Scout Cookies, remember how much the saying "yes" means to the Girl Scout who wants to be "In Tune with Myself...My World...My Future". Then you can think about how good those thin mints taste and your promise to your aunt, as you make a "tasty donation".

Masonic Lodges donate to the Eye Foundation

At the December stated convocation of Dieu Le Veut Commandery No. 45, Knights Templar of Pennsylvania, Norman Darling Sr. of Dallas, Worshipful Master of Lodge No. 61, F&AM and Albert E. Thomas of Mountaintop, Worshipful Master of Fidelity Lodge No. 655, F&AM presented donations of \$550 from their respective Masonic Lodges to the Knights Templar Eye Foundation.

The Knights Templar Eye Foundation is one of the Masonic Philanthropies. Its objectives are research, surgical treatment, and hospitalization for those who suffer from diseases of, or injuries to the eye. This also includes the correction of strabismus (cross-

eyes) in children up to the age of 16 years. All of which, if untreated, might result in blindness.

Such persons are provided with the cost of treatment if they themselves are unable to pay and cannot receive adequate assistance from Medicare, Social Services, state aide, or similar sources.

Over 45,000 applications have been processed with more than \$36,500,000 expended for surgery and hospitalization. Over \$2,250,000 has been granted for eye research alone.

During the years of 1990 and 1991, Dieu Le Veut Commandery has sponsored four people from Wyoming Valley at a cost of \$8,355.

Watercolors by Kristy Rice on exhibit at United Penn

Watercolor paintings by local artist Kristy Rice are currently on display at the Dallas branch of the United Penn Bank. The paintings depict dramatic lighting effects on everyday objects, such as flowers and soda cans. Rice works with form and color in an exhilarating way, manipulating the transparent pigment to create extraordinary textural effects.

Although still a high school student, Rice paints or draws nearly every day and has won over 35 awards in the two years since she has begun painting including

several awards for creativity. She studies art with Sue Hand of Dallas. Rice greatly admires the work of Georgia O'Keeffe because of its unusual object matter and creative color combinations. Rice, who works primarily in watercolor, plans a career in art education. She resides in Trucksville with her parents Linda and Fulton Rice and attends Dallas High School.

The public is invited to view this outstanding collection of art in the lobby of the United Penn Bank, Main Street, Dallas, through January 30 during normal banking hours.
