Lady Knights finish 13-8

By FLORENCE FINN
Sports Correspondent

Lake-Lehman's girls basketball team ended its season with a 13-8 record. The post season was cut short when the Knights lost 51-39 to Scranton Prep on Wednesday, Feb. 26, in the District II Class AAA quarterfinals.

Lehman led after three quarters 35-34, but their fourth quarter defense broke down allowing Prep to outscore them 17-4 in the final four minutes. The Knights had taken an 11-0 lead in the opening minutes of the game and went into

the locker room at halftime leading 21-14, but it was only a teaser.

In the second half, Lehman couldn't stop Scranton's Missy Rose. The point guard scored 22 points, 16 of them in the second half. Lehman's Heidi Wenrich was high for the Knights with 14, followed by Cherub Honeywell with nine and Jen Gabel with eight. Lehman was nine for 21 during the first half.

Seniors Jen Smith, Heidi Wenrich and Jen Gabel played their last high school game for Lake-Lehman.

Lake-Lehman program helps students in need

By HEATHER RUGER
Student Correspondent

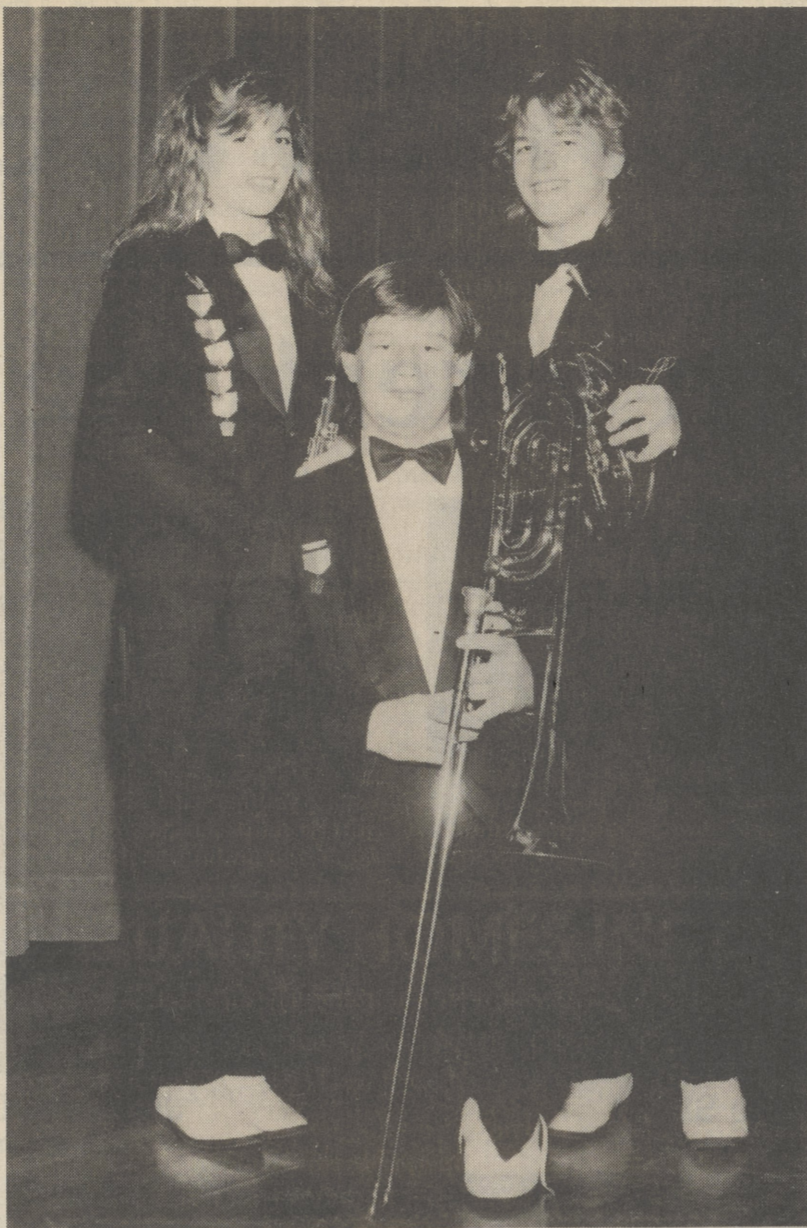

Many new programs have been popping up in Lehman in the last few years. One program that has been initiated this year is the Student Assistance Program (ACT). The program consists of teachers and school staff members who make their time available to help students through emotional, social, and physical problems. The program is not designed to cure a student; it is designed to intervene and help a student through a difficult situation. The ACT team has been trained to help students deal with a variety of problems ranging from peer pressure to eating disorders to suicide.

The ACT team has also developed various support groups that students can get involved in. There are four groups that are currently in operation. These groups consist of a group for children of divorce, children dealing with alcoholism in the family, Pupils At Risk (PAR) which helps students deal

with academic or social problems, and a group for students who are recovering from the loss of a loved one. There are also two groups in development: a self-esteem and relationships group and a group for abused children. These groups provide a forum for students to share and discuss their experiences with students who have similar problems.

The groups meet once a week and are facilitated by various faculty members who devote their planning period to the group. The members involved were trained by Lee Rich, a certified Student Assistance Program team trainer, for one week at Luzerne County Community College. The team also meets once a week to discuss the numerous problems faced by the students.

During these times of many social and personal problems, the Lake-Lehman School District has found one way to help students through the use of the Student Assistance Program.

Lehman students attend orchestra festival

Three students from the Lake-Lehman School Band were chosen to attend the District 9 Orchestra Festival held recently at North Pocono High School.

The orchestra was comprised of high school musicians from a five-county area who were selected through auditions held this past November.

The guest conductor was Porter Eidam from Mansfield State University.

Misericordia will hold an open house for its nursing program

College degree holders interested in earning a second degree in nursing at College Misericordia are invited to learn more about this new program at an Open House, scheduled for Saturday, March 7, 10 a.m. to noon in the Tiered Lecture Room, Science Building on the Dallas campus. Registration will be held from 10 a.m. to 10:30 a.m.

The Open House is free and open to the public.

The second degree in nursing program allows those college graduates who hold a bachelor's degree to earn a bachelor of sci-

ence degree in nursing at Misericordia without taking core requirements. The program can be completed in one summer and two academic years. Graduates can sit for the RN boards upon completion of the program.

Graduates who plan to pursue a master of science in nursing degree at Misericordia also receive 15 credits toward the MSN degree.

The program will begin June 1. Interested students can register for classes in May.

For more information, or to register for the Open House, call 674-4449, or 1-800-852-7675.

Seminary adds two dates for Lower School admission screening

Two additional admission screening dates for this year have been set at Wyoming Seminary Lower School, Wyoming Avenue, Forty Fort, for Nursery and Grades 1 through 8. They will take place on Saturday, March 21 and Saturday, April 4, beginning at 9 a.m.

Prospective students and parents are asked to contact the Lower School prior to this date to set up appointments to meet with the Dean and tour the school.

For more information, call the Wyoming Seminary Lower School at 288-5431.
