Science Olympics will be held at Penn State W-B

Over 600 junior high and senior high school students from the area will participate in a day-long event to promote science achievement. The Science Olympiad will be held March 27 beginning at 9 a.m. The event will be hosted by Penn State Wilkes-Barre at the campus in Lehman.

Thirty-nine school teams will participate in 29 different events, ranging from written exams, lab experiments and engineering projects. The competitions follow the format of popular board games, TV shows and athletic games.

Dallas Elementary PTO holds a book fair

Dallas Elementary PTO sponsored a Book Fair during the first week of March. The money raised during this event will be used to upgrade the Dallas Elementary School Library. Lori Besecker of the PTO, along with Ann Camp, Librarian, coordinated the event.

Volunteers helping throughout the week long event were Mary Beth Covert, Judy Dickson, Pat Eckert, Marla Karlunas, Connie Keiper, Diane Kerestes, Barbara Liparella, Rita Masley, Kathy Millington, Andrea Mittrick, Margie Morgan, Colleen Murphy, Louise Roberts, Ann Marie Schectman and Mary Urban. Pictured are, Tara Slocum, sitting; Kristen Race, kneeling and Gail Buzin, standing.

Westmoreland Elementary will host expert on American Indians

What does Westmoreland Elementary School and Indians have in common? Answer: an authentic Indian Teepee.

The Westmoreland PTO is sponsoring Harold Dellinger's American History. Dellinger will present the children with two historical programs during his stay at Westmoreland. The first program is geared to American History accentuated by authentic costumes, powder horns, knives and numerous other artifact used during this time period. The second program is the American Indian. Dellinger will erect a Teepee on the school grounds. He will

dress in an authentic costume, roast a turkey, allow the children to tour the teepee and examine the collection of historical articles.

Dellinger will arrive, Thursday, April 2, at 10 a.m. followed by American History Program (dressed in authentic costume). The afternoon program consists of history of the early American Indian.

An evening program at 7:30 p.m. on April 2, will be given for the parents. The parents can sample the roasted turkey. On Friday, April 3, during school hours (9:30 - 3:30 p.m.) individual classes will tour the teepee where any questions can be answered.

Wilkes schedules courses for children this summer

The "Wilkes for Kids" Advisory Board met recently to discuss course offerings for the summer children's program.

The nine courses scheduled for the summer '92 include: Fun with Science, ages 7-11; Aristocrats, ages 7-11; Acting: Just for Kids, ages 8-12; Water Color, ages 6-10; Understanding the Stock Market, ages 11-16; Time Travel: The Boston Tea Party, ages 10-13; Photography, ages 10-13; and Exploring Our Environment, ages 9-12.

Field trips and hands-on activities are crucial elements of the

courses making each class an adventure. Through these courses, the children will sharpen their awareness of the world, develop thinking and leadership skills and learn civic responsibility.

The classes are scheduled for July 14-16 and 21-23. Each class lasts for two hours with sessions beginning at 9 a.m. or 12:30 p.m. Contact the Wilkes University Office of Graduate Affairs and Continuing Education at 824-4651 ext. 4462 for a free brochure detailing course descriptions.

Dallas Area Federated Women will award two scholarships

The Dallas Area Federated Women's Club announces that they will award two book scholarships to deserving high school seniors residing in the Dallas School District. This will mark the 14th year the Women's Club has given the book scholarships.

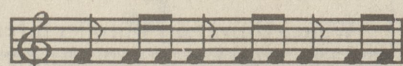

The scholarships are awarded on the basis of scholastic achievement, financial need, school activities and community involvement.

Application forms are available from the Guidance Department of Dallas High School and Bishop O'Reilly High School. The deadline

for returning the applications is April 3.

BEARING THEIR GRINS - Students at the Dallas Elementary School show off the bear marionettes they made as part of the school's "Bear Week."

Dallas Elementary celebrates 'Bear Week'

The Dallas Elementary School, faculty and P.T.O. recently conducted its first theme week program. "Bear Week" was evident throughout the school. The halls were decorated with "bear" bulletin boards and projects. Students read literature and scientific facts about bears. They then wrote their stories and reports on bears. Bear shapes were used in tests, bookmarks, crossword puzzles and booklets. The students also used their artistic talents to make bread dough bears, bear marionettes, and

sing Teddy Bear songs. Favorite Teddy Bears were brought to school. Fifth grade American history students dressed their bears as American historical figures.

Some of the classes had snacks during the week, for example, Beary juice and Teddy grahams that followed the theme. Teachers wore hand decorated sweat shirts with bears.

The final project, still to be completed by Mrs. Hayden's third grade, is a Teddy Bear quilt. When

completed, it will be presented to the children's room of the Back Mountain Memorial Library to be used as a fundraiser for purchasing children's books. Mrs. Susan Vozzak, a Dallas Elementary School parent, is helping the class assemble the quilt.

"Bear Week" has proved to be an enjoyable and worthwhile educational experience. Next year another school wide theme project is anticipated by students, parents and teachers.

Seminary will offer summer school courses

Offering a newly expanded slate of summer school courses for high school and middle school students, Wyoming Seminary is now accepting registration for Summer 1992. Most courses run July 20 through August 14.

High school students can choose credit courses such as Expository Writing, Introduction to Computers, Marine Biology, which offers a one-week trip to Bar Harbor, Maine; Public Speaking and plenty more. Enrichment courses include Algebra I Review, Basic Russian, Creative Writing, S.A.T. Math Review, Study Skills, Typing and Keyboarding, Theatre Arts and more. Driver's education will also be offered.

Of special interest to the high school student is the College Workshop which offers preparation for the S.A.T., advice on writing the college essay, and visits to several half-day or weekend visits to col-

lege campuses.

For the adventurous, there's Civil War Camping, with visits to five Civil War campsites. Also offered is Backpacking and Rafting 101, an 11-day adventure in the southern Appalachians and Smokey Mountains of Tennessee, and rafting on the Nantahala River, complete with a certified guide.

Students in grades 9 through 12 who have ever been curious about boarding school can experience it this summer at Wyoming Seminary. The program includes room and board plus tuition for two four-week courses.

Middle School selections include the all-new Sem Disc Science Discovery Program which offers intensive instruction to biology, chemistry, physics and earth science. Enrichment courses for the students in grades 6 through 8 include Creative Writing, Algebra,

Typing, French, Math, Russian, Computer, Music and Art. This program provides an activities period which allows for supervised sports, games, arts and crafts. Lunch will be available in the school dining hall.

From June 29 through July 31 is the Blue Knights Sports Camp, a coeducational sports and recreation program for students ages 8 to 14. Activities will include swimming, tennis, softball, soccer, football, basketball, field trips, cookouts, athletic training and more.

Girls in grades 5 through 9 can take advantage of the all-new Lady Blue Knights Basketball Clinic June 15 through 19.

Students interested in any of the Summer '92 courses offered by Wyoming Seminary are asked to call Mrs. Jeanne Yarny at 288-5431 for applications and information.
