Police reports

Kingston Twp.

TRUCK HITS ROUTE 309 BARRIER

A truck crashed into the barrier on Route 309 by the rock cut May 20 after its steering broke, police said.

Jerry Ray Shaffer, 26, of Monroe Street, Wilkes-Barre, was northbound on Route 309 at about 3 p.m. when the steering broke on his 1978 Ford F150 pickup, police said. Shaffer's truck went into the passing lane, struck a van driven by Harry Edward Creasing, of Noxen, hit the concrete barrier, then swerved across the road, where Shaffer stopped it on the berm.

Creasing also stopped his van on the berm.

Investigating officer was Ptl. Charles Rauschkolb, who observed that Shaffer's front steering tie rod had broken.

Neither driver was injured.

THEFT FROM PICKUP TRUCK

Robert LaFrance, of East Center Street, Shavertown, reported to police that between May 16 and 17, a blue toolbox and baseball mitt were taken from his pickup truck.

The items were valued at \$200, police said.

Investigating officer was Ptl. Frank Ziegler.

MOTORCYCLIST CITED AFTER ACCIDENT

A motorcyclist was cited after an accident on Route 309 at the intersection of Harris Hill Road May 22, police said.

Charles J. Krivenko, 21, of Colonial Road, Dallas, was driving his 1985 Honda motorcycle north on Route 309 at about 2 p.m. when he couldn't stop in time to avoid hitting a car in front of him, driven by Amy Spess, of 3rd Street, Larksville, police said.

The motorcycle turned over on its side, sliding under the car, police said.

A passenger on the motorcycle, Samantha Frank, 20, of Kingston, was dumped over the handle bars of the motorcycle, police said. Krivenko and Frank were both taken to a hospital by ambulance.

Krivenko was cited for following too closely and carrying an unauthorized passenger while driving under a permit, police said.

Investigating officer was Ptl. Robert Parrish, assisted by Ptl. Charles Rauschkolb and Ptl. Brian Feeny from Dallas Township.

DRIVER SHOT WITH B-B

Jack Covert II of Dallas reported that he was shot with a B-B while driving north on Route 309 near the traffic light in Shavertown May 22, police said.

Covert told police was hit with a B-B at about 11:45 a.m., and glanced back to see some young kids standing in the wooded area by the retaining wall on the southbound side of the road.

Investigating officer was Ptl. Robert Parrish.

Antique dealers to gather at the Barn

T-SHIRTS FOR A FAMILY — shown from left to right, Hume and Ann Ross, Laura and Andrew Slocum, and Pauline and Adam Gabriel wearing the shirts now being sold to raise funds for the Wendy Reese Fund.

T-shirt sale will help the family of cancer stricken girl

A T-Shirt Sale to benefit the Wendy Reese Fund has been organized by parents at The Trucksville Nursery School. Wendy is a three-year-old from Shavertown who has been diagnosed with cancerous brain tumors. The Fund was set up by the Nursery School, where Wendy was a student until she became ill, to assist the Reese Family with her medical expenses.

The shirts feature an original design which reads, "What can never be seen, never be touched, and never be yours 'til you give it away?" They will be available at several locations throughout June: The Antiques and Collectibles Show

at The Barn in Lehman on May 30 and 31, June 15 at the Back Mountain Library, June 20 at The Meadows Craft Market in Dallas, June 27 at Insalaco's Supermarket, Dallas and June 21 and 28 at Jamesway, Luzerne. Orders are being accepted over the telephone and at several locations in the Back Mountain, including "Shear Magic", 266 Memorial Highway, Shavertown. All proceeds will be given directly to the Fund.

For more information, contact Linda Mazur, Director, Trucksville Nursery School, 696-3897 or Ann Ross, Sale Coordinator, 675-8402.

PLASTIC LENSES

For some people, the word "plastic" denotes anything that is cheap, inferior, and artificial. With many items this may be true; but in the case of plastic eyeglass lenses, this could not be further from the mark.

First of all, the material used to make these lenses is optically just as good as hardened glass. It is also four times as impact resistant and far safer to wear. Even if a strong enough blow causes breakage, the pieces are not sharp and have little penetrating force.

Plastic lenses are also considerably lighter than glass, and they do not fog up as readily. Perhaps the only important drawback to using plastic eyeglass lenses is that they are a little more susceptible to getting scratched. Therefore you have to be somewhat more careful and conscious about how you handle them.

It's worth thinking about. While plastic may not be the perfect material for every modern application, it certainly makes sense when it comes to eyeglasses.
