DON'T BLAME YOUR AGE FOR POOR HEARING.

A free offer of special interest to those who hear but do not understand words has been announced by Bell. A non-operating model of the smallest hearing aid Bell Hearing Aid Service has ever dispensed will be given absolutely FREE to anyone requesting it. It's yours for the asking, so send for it now. It's not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits completely into the ear canal.

These models are FREE, so we suggest you write for yours now. Again, there is no obligation. If you are one of those who have been told they have nerve deafness or if you have been told that a hearing aid will not help ... send for this free model. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped everyday. For your FREE sample, send your name, address and phone number today to:
