**MIXER PLANNED** - Bart Slocum, left, treasurer of the Back Mountain Business and Professional Association, is shown with Joe Mooney of the Pine Brook Inn planning the group's first general meeting, a mixer to be held Monday, August 31.

## Back Mountain Business Association plans mixer

The newly-formed Back Mountain Business and Professional Association (BMBPA) is preparing to host its first official general meeting. The association's members have been invited to a mixer from 6:00 to 8:00 p.m. Monday, August 31 at the Pine Brook Inn on Lower Demunds Road in Dallas.

The association, which began soliciting members in late spring, now has forty members who have paid dues of \$75 for their first year's membership. In addition to organizing promotions for Back Mountain business, the group plans to be a representative of

businesses and professionals before government.

Among projects to be discussed at the meeting will be production of a directory and map of area businesses and ways to raise awareness of local services in the college community.

All paid members are invited to attend and to bring a prospective member along. There is no charge for the event. Anyone who has not joined but would like to attend may call Bart Slocum at 675-1167 for membership information, or may pay their membership on arrival.

## HL loses a second part-time police officer

By ERIC FOSTER  
Post Staff

A second part-time police officer has resigned from the Harveys Lake Police Department.

At their meeting August 18, the borough council accepted the resignation of Ted Nafus, who had been hired in June.

At the July 21 council meeting, Russell Devens, who had been on the force since April, resigned effective June 18. Devens cited personal conflicts with department regulations, and lack of adequate equipment and backup as reasons for the resignation.

The council has hired Justin Miller as a part-time officer at \$7 an hour for a six-month probationary period.

Councilman Edward Kelly, who heads the borough's police committee, said that two more part-time officers are in the process of being hired.

At the July meeting, council briefly discussed the possibility of eliminating the police department, or combining the department with a neighboring municipality's. Council president Richard Boice said that he hasn't heard any public reaction to the proposal, but the idea is still being considered.

The council also voted in July to require the borough's two full-time, and five part-time officers to undergo physical and psychological evaluations, even though law only requires newly-hired officers to be tested. Boice said that the tests have all been given, but the results haven't been sent to the borough

yet.

In other business, the council:

- Donated \$300 to HL Senior Citizens to purchase equipment to stay with building.
- Approved an ordinance to prohibit parking on Hillside Avenue from noon to 5 p.m. so mail can be delivered.
- The borough was notified by state Representative George Hasay's office that the speed limit will be reduced from 40 to 30 miles per hour on Outlet Road, with the signs replaced during September.
- The Luzerne County Office of Community Development has approved a grant not to exceed \$20,000 to install dry fire hydrants around the lake, according to councilman David Abod. The dry fire hydrants will resemble regular fire hydrants, but instead of having water under pressure, they will allow firefighters to draw water from the lake without having to worry about clogging their hoses. The hydrants will be installed at Sunset, Worden Place, two at the Grove Section near Hanson's, and one at the Outlet.
- Councilman Abod announced that grants for low-income Harveys Lake home-owners to help pay for essential work on their homes are still available.

The grant would come from the Luzerne County Office of Community Development, and would pay up to \$7,500 for work such as insulation, storm windows, or water heaters.

Anyone interested in the grant should call the borough office at 639-2113 or Abod at home.
