

# Do You Know What Your Tap Water Contains?

## If you did, it might be hard to swallow . . .

### THIS IS A FREE PUBLIC SERVICE WATER TEST . . .

There is no financial obligation or cost associated with this service and if we find nothing wrong with your water, you'll sleep better knowing that. On the other hand, if we find something wrong, chances are we can correct it. You will receive a written report from our lab-tech summarizing the quality of your tap water (this you may keep for future use). Afterwards, your test results along with all other area residents will be compiled and sent to the local Water Quality Association Member in your area for statistical purposes. (To insure privacy all names, addresses, and phone numbers will be destroyed after testing.) If you would like to know more about your tap water, please fill out all information on the Postcard enclosed and mail-out within 48 hours (no postage necessary).

### INSTRUCTIONS . . .

For the next two weeks we will be testing the water for the residents of this district. So there will be no inconvenience, please follow the instructions below:

### This test is for Homeowners and Private Businesses only . . .

IF YOU ARE NOW:

- #1 Renting . . . . . Please give this to your Landlord
- #2 Homeowner . . . . . Please fill out Postcard and mail within 48 hours (no postage necessary)
- #3 Business . . . . . Please fill out Postcard and mail within 48 hours (no postage necessary)

# FREE
