## Exchange student hosts are sought

Share our American heritage and cultural traditions with an international high school student. American Intercultural Student Exchange is seeking families who are interested in hosting a foreign exchange student in their homes for the 1993-94 school year. The students, ages 15 through 18, have their own spending money and medical insurance. Host families provide room, board, and a loving family environment.

Families may request a student from over 30 countries in Europe, Asia, South America and Australia. All exchange students are in excellent health, are fluent in English, and have met strict academic standards set forth by AISE.

AISE also offers an American Student program available to American high school students ages 15 through 18 who would like to spend a school year, semester or summer abroad.
