## Dallas School District lists registration for new students

The Dallas School District is requesting the cooperation of parents with children of school age who have not registered for the 1993-94 school year.

It is essential that the District be informed, as soon as possible, of all new students planning to register, especially Kindergarten and first grade students.

Problems occur with class and school building assignments as well as transportation arrangements when students are registered late. Parents of new students or those transferring from other schools are strongly encouraged to register their children immediately. Late elementary

registrants may not be assigned to the most convenient school building.

All Kindergarten through 5th grade students are to register at the Administration Building, Church St., Dallas. Middle and senior high students will register at their respective school offices located on Conyngham Ave., Dallas.

Parents must bring birth certificates, report cards from the previous school and immunization records. No student will be allowed to enter school without proof of required immunizations.

If there are any questions, call the School District at 675-5201.

## Seeks host families for foreign exchange students

What better way to celebrate American Independence this July than to share your American way of life and prosperity with high school exchange students from France, Italy, Croatia, Germany, Spain, Czech Republic, Brazil, Denmark, the former Soviet Union and other countries.

The SHARE! high school exchange program still needs families in Pennsylvania to host their high school exchange students. Now in July is the crucial time to match students with their host families as they start arriving very soon, as early as August 15.

The SHARE! program is sponsored by Educational Resource Development Trust (ERDT), a nonprofit educational foundation that has been promoting intercultural exchange for almost 20 years. The students are between 15 and

18 years of age and are eager to live with a family and learn about America. They are carefully selected, speak English, are fully insured and bring their own spending money. Host families provide a bed, meals, a loving home, and may deduct \$50 per month for income tax purposes and can choose to host for a semester (5 months) or an academic year (10 months).

The SHARE! program provides well-trained local area representatives who give full support to the host families and exchange students participating in the program. Anyone interested in hosting should call as soon as possible. Many Pennsylvania high schools have deadlines for exchange student enrollments. Call toll-free today: Pam Ellsworth 1-800-377-8462.

## Phillips to attend Lycoming's Free Enterprise Week 1993

Jennifer Phillips, daughter of Robert and Lorraine Phillips, RR 3, Box 115, Hunlock Creek, a Senior at Lake-Lehman high School, has been granted a full scholarship to attend Pennsylvania Free Enterprise Week 1993 on the campus of Lycoming College, Williamsport, Pa.

Pennsylvania Free Enterprise Week is a week long, national award-winning economic education program offering students and teachers an inside look at the private enterprise system and how the free market functions.

Jennifer will attend one of the four one-week sessions offered this summer. A total of 875 students and 50 teachers from across the Commonwealth have received scholarships, which cover the cost of room, board, materials and scheduled activities. Funds for the scholarships are contributed by businesses or community organizations on a county by county basis. Scholarships that are donated in a county are awarded to a student or teacher within that county.

Student candidates must have completed either their sophomore or junior year, must demonstrate

leadership qualities, have a sincere interest in an intense and challenging business schedule, participate in a variety of scholastic and extracurricular activities and be recommended by their high school principal.

Participants will join with business people to experience the challenge of competition through a business management for fictitious companies.

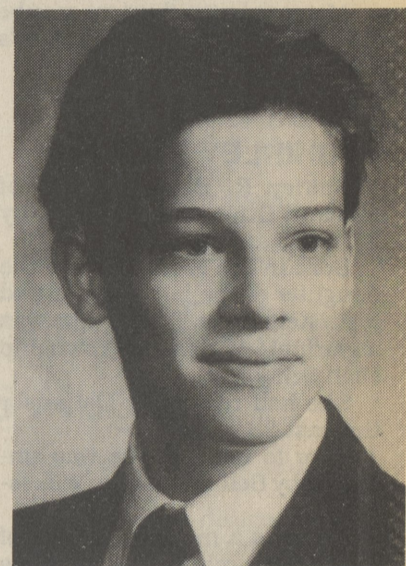

## Receives oceanography internship in North Carolina

Myron M. Pitcavage, II, Center Street, Shavertown, was selected to receive an undergraduate research internship in physics oceanography at the Institute for Marine Sciences, Morehead City, North Carolina. The summer project is affiliated with the University of North Carolina at Chapel Hill and is funded by the National Science Foundation to meet the national need for science teachers and researchers.

Pitcavage will design and program a mechanical underwater probe to study the physical and biological conditions conducive to ideal oyster bed growth.

He was selected from several outstanding students across the country to participate in the program, which allows undergraduate students to work closely with researchers and apply academic theory to practical projects in their chosen field.

Pitcavage will enter his senior year at Wilkes University in the
