When you buy a diamond from Tovon & Co. you're buying from a company with years of experience. Tovon & Co. has been selling to jewelers for the past 14 years. Our diamond buyer was the major supplier to the 19th largest chain store in the United States at one time.

Our buyer also is one of only 2000 people throughout the world who is a member of the New York Diamond Exchange.

Almost all of our diamonds come from Israel. Anyone in the diamond business should know that Israel has been the number one exporter of faceted diamonds for the last decade.

Some members of our staff are trained by the Gemological Institute of America. The majority of our staff are also residents of our own Back Mountain area.
