This program is intended for four-year-olds only. Please do not bring younger brothers or sisters unless there is no alternative.

Area college students have mentorship studies on break

Elizabethtown College students Sue Niezgoda of Dallas and Raymond C. Hall Jr. of Harveys Lake spent a week of their January break finding out what the real world of work is all about with the College's EXTERN Program.

Niezgoda spent the week of January 10-14 at Bureau of Facility & Construction in Harrisburg, learning what a career in engineering is like, with mentor M. Claire Powers.

Niezgoda is a sophomore majoring in physics. She is a 1992

graduate of Lake-Lehman High School and is the daughter of John Niezgoda, Dallas and Helen Skapura, Dallas.

Hall spent the week of January 10-14 at DuPont Co. in Wilmington, Del., learning what a career in business is like, with mentor Stephen Keiser.

Hall is majoring in business administration. He is a 1990 graduate of Lake-Lehman High School and is the son of Raymond C. Hall of Dallas and Alexia Hall of Harveys Lake.

MANY YEARS' SERVICE - Attending the recent retirement party for Bruni Bayer are, from left: Sr. Mary Sharon Gallagher, RSM, Misericordia librarian; and Bruni Bayer, retiree.

Bruni Bayer retires from Misericordia library staff

Bruni Bayer of Shavertown, recently retired from the library at College Misericordia after a 26-year tenure as technical processing assistant.

She was responsible for processing the library's books and for supervising the library's student assistants.

At a retirement party given in her honor, Mrs. Bayer reflected on some of the changes she has seen at Misericordia during her career there.

She participated in the library's move to its present location in the Administration Building and saw its volumes increase to its current size of 65,572; she saw computers play an increasingly impor-

tant role in the library; and the emergence of new forms of library reference materials such as videos.

The College's decision to become co-educational, the campus' new buildings and the increase in enrollment are other major changes she has seen.

Mrs. Bayer and her husband, Robert Bayer Sr., are looking forward to doing some traveling throughout the United States and Europe. Mrs. Bayer said she also hopes to do more reading and spend more time with her children, Robert Bayer, Jr. and Scott Bayer and her grandchildren Brian and Michael.

PSU dance will celebrate National Engineering Week

In honor of National Engineering Week Feb. 21-26, the Wilkes-Barre Campus of Penn State and the PA Society of Professional Engineers, Luzerne Chapter, will sponsor a dinner at the campus in Lehman, Feb. 22.

Our continuous arm chair clearly shows the construction of our Windsor chairs and benches.

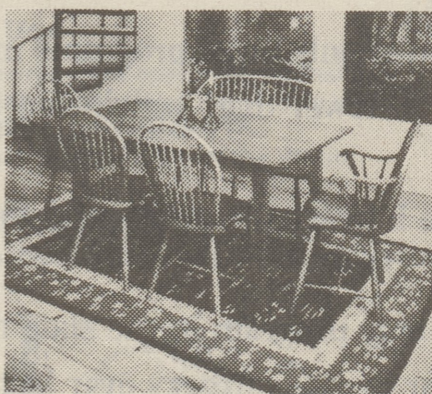

All legs, arm post, and spindle holes are drilled completely through the seat and arms. Glue is placed in the hole, the legs, posts, and spindles are then secured in the holes. These parts are then split with a chisel and a wooden wedge, with glue driven down into the split to widen the parts in their holes creating a super tight fit.

This 18th century assembly method prevents the chair from becoming loose over years of use.

Something you never see, but it is important to know.
