PIAA invites applications for all sports officials

The Pennsylvania Interscholastic Athletic Association, Inc. (PIAA), is actively seeking interested individuals with an athletic background to become PIAA-registered sports officials.

PIAA presently registers officials in 12 different sports and sponsors 22 PIAA state championships for its 1300 member public and private schools.

With over 500,000 students participating in athletics annually, the need for qualified individuals to officiate these programs is vital.

Presently the PIAA has, 15,495 registered sports officials statewide. This is one of the largest officials groups in the National Federation of State High School Associations. This number reflects an increase of 958 newly registered officials that were obtained through last year's recruiting efforts.

However, with the growth of middle school and junior high programs, PIAA is still facing serious statewide shortages of officials in soccer, volleyball, field hockey and track and field. Regionally, shortages exist in all sports including baseball, gymnastics, swimming and diving, lacrosse, softball and wrestling.

To be part of the action, any individual who is a high school graduate or 18 years of age or older is encouraged to get involved by contacting the PIAA Office, 550 Gettysburg Road, Mechanicsburg, PA 17055 or by calling 1-800-382-1392 for an application.

Women and minorities are urged to apply. All test dates, times, sites and fees are listed on the application form.
