VNA plans new hospice program

The Visiting Nurse Association has developed a hospice care program, which will begin services in early 1995.

Hospice care is a medical program designed to provide comfort and support, physical, emotional and spiritual for terminally ill patients and their families. Hospice care neither hastens death or prolongs life. When a patient with advanced disease realizes that curative treatments are no longer of benefit, the patient may elect to utilize hospice care.

The goal of the care is to enable the terminally ill patient to live at home, as comfortably as possible, making the last stages of life as meaningful and fulfilling as possible.

Hospice Care of the VNA will recruit a group of volunteers from the community to assist the professional staff.

For more information about volunteering call the VNA at 283-0681 or 1-800-432-9791.
