

Dallas band concert May 11

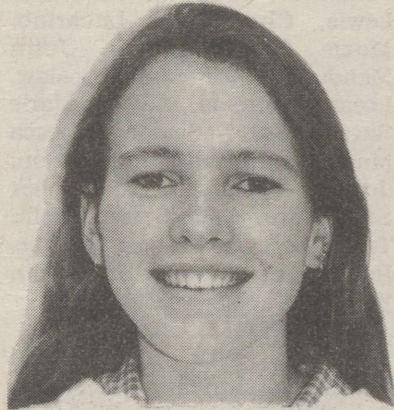

The Dallas Senior High School Concert and Jazz bands will present their annual spring concert Thurs., May 11 at the senior high school auditorium. Tickets will be available at the door for \$3 for adults and \$2 for students and senior citizens. The Dallas Marching Band recently performed at the Disney/MGM Studio in Orlando, Florida. The Contest Jazz Band has received excellent ratings at local jazz festivals this year. All bands are under the direction of Mr. Todd L. Hunter.

To attend youth seminar

Deborah White, a sophomore at Lake-Lehman High School, has been selected to attend the Hugh O'Brian Youth Foundation Leadership Seminar at Millersville University in May.

The daughter of Joseph and Anne White of Harveys Lake, Deborah is sophomore class president, a peer helper and tutor and is active in both field hockey and soccer.

Academically, Debbie has consistently ranked at the top of her class.

DEBORAH WHITE

Kileen Walch was a modest winner of three gold medals

By VALERIE WOLFE
Student Correspondent

There are many talented, humble students at Lake-Lehman High School. Too many times, their accomplishments are overlooked. Sadly, they don't receive the credit that they deserve.

An example of a modest winner would be Kileen Walch. Recently the eleventh grader participated

in the Special Olympics. Competing in the swimming competition, Kileen won three gold medals. She received one gold medal in the freestyle event and two gold medals in the back event.

Practicing diligently at College Misericordia's facilities, Kileen will now climb to a higher level and compete at Penn State Main Campus in the middle of June.

Gate of Heaven School 3rd semester honor roll

Gate of Heaven School third semester honor roll.

EIGHTH GRADE
Honors with Distinction: Melissa Stevans.

Second Honors: Rose Carter, Meghan Chapman, Robyn Conside, Kristen Czwalina.

Medical assistant exams scheduled

The Registered Medical Assistant Examination will be given July 22, at 9 a.m. at Allied Medical Careers, 104 Woodward Hill Road, Edwardsville.

A medical assistant is a member of the health care delivery team, qualified to work in the administrative office, the examining room and the physicians' office laboratory.

Applicants must be a graduate of a Medical Assistant Program of Health Education Schools (BHES) or by a Regional Accrediting Commission or they shall have been employed in the profession of medical assisting for a minimum of five years.

An application fee of \$59.00 is required. Applications may be obtained at Allied Medical Careers, Edwardsville/Scranton or by calling 288-8400. Applications must be returned by June 8, 1995.

Education Opportunities

A directory of schools and colleges for all ages and interests

Wilkes-Barre Academy offers challenging curriculum

Wilkes-Barre Academy focuses on preparing students to meet the demands that life presents while coping with the pressures of a competitive world. The curriculum is a strong, challenging one where all aspects of learning are considered. Limited enrollment guarantees small classes where individual instruction and hands-on activities are a common experience. Students receive a strong base in not only core areas such as Mathematics, Science, English, History and Reading, but also enrichment areas such as Music, Art, Spanish and Computer Literacy.

Many schools offer similar programs, what sets Wilkes-Barre Academy apart is its commitment to aggressive academics and excellence. Both Lower and Middle Schools are departmentalized. This allows the administration and teachers to focus on a specific area and to present it in its best and most complete manner. Extensive units on various topics such as The American Indians, Mythology, Colonial America and Beowulf to

Shakespeare, integrate drama, creative writing, art, history, and other parts of the academic curriculum.

Wilkes-Barre Academy's departmentalization does not isolate teachers or courses. On the contrary, there is a great deal of communication and cooperation among teachers. This helps create strong student confidence in their own performance and provide academic continuity as students pass from grade to grade. An active peer tutoring program has proven to be very successful for both the tutors and those being tutored.

Students participate in many community, state, and national projects and contests. One quarter of the middle school qualified to join the Center for Talented Youth out of John Hopkins University. Two who qualified were honored at Villanova University for their exceptional performance on the SAT's. Both students were seventh graders when they took the test. Students also joined the Continental Math League with one

of our eighth graders earning the regional winner title.

Courses such as Spanish and Computer Literacy are offered from kindergarten through eighth grade. All teachers integrate the computer

with their courses as well. WBA's Music course covers extensive music history and appreciation of the Middle Ages to the Twentieth Century.

Summer fun, learning for kids, adults

College Misericordia's Office of Continuing Education will offer a wide variety of special, non-credit programs for children and adults this summer. The activities range from special interest camps to adult exercise programs to week-long sports schools.

The Fitness and Fun program includes camps for kids that are a sure cure for summer boredom. "All Children Are Special" features four weeks of unique programs for children ages 6-12. "World Express," "Time Warp," "Change of Face," and "Hands on the World" offer drama, exploration, world customs, and creativity to the young participants. In cooperation with the Deutsch Institute the programs are made accessible to

students of various grade levels, and are led by professionals who know how to make learning fun and exciting.

Fitness and Fun also offers karate and swimming for all ages and ability levels, and raquetball and exercise programs for adults, children with disabilities.

"A Shakespeare Workshop" for grades 7-12 and two new programs, "The Artist in You," and "CHEM Camp," will help your child explore the worlds of theater, art, and science. The classes are open to

For more information and a brochure on about the special summer programs at College Misericordia, call the office of continuing education at 675-3862.
