

Kozloski graduates from U of Pittsburgh

Harveys Lake resident Christopher Kozloski has graduated from the University of Pittsburgh with a bachelors of arts degree in rhetoric and communications. He is a 1991 graduate of Wyoming Seminary in Kingston. While at Pitt, Chris was an assistant to the Italian Consulate and a member of the Italian Club, the Ski Club, and the Student Government Board of the University of Pittsburgh. Locally he volunteered for the Feed-a-Friend Foundation, the Boy Scouts of America, and the Catherine McAuley Center. Having completed several internships in television and other media, Chris has accepted a position at KATZ Broadcasting, New York, NY.

Head Start is now taking applications

Luzerne County Head Start is now accepting applications for the 1995-96 school year. Services include education, health, nutrition, parent involvement, social services, transportation and disabilities. The program is primarily for four-year-olds; however, some three-year-olds are accepted in special circumstances. An Evening Open House will be held for interested parents who are unable to make daytime appointments, May 11, 6-8 p.m. at the Lake-Lehman Head Start Center, Lake Noxen Elementary School at Harveys Lake, 639-2456. Interested parents may also call Head Start Central Office at 1-800-551-5829.

Young scientists at work

Dallas Middle School students Lewis Spurlin, Casey Covert, and Justin Ash recently presented dry ice experiments to help their classmates understand chemical reactions in a unit on chemistry. Showing off their work are Lewis Spurlin, Casey Covert, Justin Ash and science teacher Mrs. Maryanne Jesse.

Participates in spelling bee

Jessica Milbrodt, daughter of Mary Ann and Thomas Milbrodt of Lehman, recently represented her school in the Howard Scripps Spelling Bee at the Dorothy Darte Center of Wilkes College. Education Opportunities

Misericordia offers grad, undergrad summer courses

College Misericordia's summer program offers a variety of credit courses for students who are interested in accelerating their studies, reducing their academic load during regular semesters, or continuing their part-time studies. Misericordia offers two summer sessions with both day and evening classes, May 31-June 29 and July 5-August 3, plus Summer Weekend College on specified dates from June 3 until August 6, except occupational therapy classes, which begin May 12. The division of continuing education at Misericordia is especially sensitive to the needs of adult students with families, full-time jobs, or both. Evening and weekend classes are held every semester, including summers, on a schedule convenient to part-time students. Summer courses offer the additional advantage of small classes, which allow students to know their professors and gain a more thorough understanding of the subject. The overall development of each student is the focus of Misericordia's programs. An academic program that provides a base in liberal arts combined with profes-

sional studies, as well as opportunities for community involvement and leadership, produces graduates who are prepared for productive careers and continued personal and professional growth. Summer courses are offered in the areas of accounting, additions counseling, biology, business, chemistry, education, English, fine arts, foods and nutrition, gerontology, history, mathematics, occupational therapy, philosophy, physical therapy, physics, political science, psychology, radiography, religious studies, social work, sociology and Spanish. Graduate courses are also available during both summer sessions. The education, nursing and organizational management programs offer an opportunity to earn credits toward a master's degree by taking classes during the day, evening, or on weekends. Students are encouraged to register early for summer courses, since there are both maximum and minimum class sizes set for each class. For more information and a summer classes catalogue, contact the office of continuing education at 675-3862 or 674-6289.
