Dallas urges new students to register for school now

The Dallas School District is requesting the cooperation of parents with children of school age who have not registered for the 1995-96 school year.

It is essential that the district be informed, as soon as possible, of all new students planning to register, especially the kindergarten and first grade students.

Problems occur with class and school building assignments and transportation arrangements when students are registered late. Parents of new students or those transferring from other schools are strongly encouraged to register their children immediately.

Late elementary registrants

may not be assigned to the most convenient school building.

All kindergarten through fifth grade students are to register at the Administration Building, Church St., Dallas.

Middle and Senior High students will register at their respective school offices located on Conyngham Ave., Dallas.

Parents must bring birth certificates, report cards from the previous school and immunization records. No student will be allowed to enter school without proof of the required immunizations.

For more information call 675-5201, ext. 229.
