

Kingston Township Raiders take 2-of-3 from Mini-Mounts

The Kingston Township Raiders hosted the season opener against its neighboring rival, the Dallas Mini-Mounts.

The Raiders C team lost a heart-breaker to Dallas 14-8. The lone Raiders touchdown was made by Brian Ostrowski and the two point conversion was made by Ed Grunowski. Playing well for the defense was Matt Brokenshire and Steve Rosencrans. Marty Murray played well for the offense.

The Raiders B team defeated the Mini-Mounts with a total team effort to regain control of the traditional football trophy that is passed between the teams. Quarterback Bobby Zaruta connected on touchdown passes to Jonathan Barbose and Jimmy Larson and rushed for another score to help lead the way to the impressive 22-0 victory for the Raiders. Luke Miller added to the scoring with two 2-point conversions. Also turning in fine per-

formances on offense were Brad Lothridge, Danny Picillo, George Sprague, and Nick Mathewson. A stingy Raider defense was anchored by Luke Miller, John Krispin, AJ Rosencrans, Stephen Salavantis and Paul Saxon. Miller and Saxon also had interceptions for the defense.

The A team of the Raiders once again walked away with the trophy as they defeated the Mini-Mounts 38-0. Scoring for the Raiders was Mike Sabol, Justin Tamanini, and Mike Regan. John James and Jeff Zaruta added to the score with two point conversions. In all it was a total team effort that contributed to the victory.

The Raiders will be hosting the Plymouth Shawnee Indians on Sunday, September 10 at the Dallas High School field. The games are free admission and the public is encouraged to come support our young athletes.

LCCC tourney aids scholarship fund

The Luzerne County Community College Foundation will hold its annual scholarship golf tournament - Medico Family Invitational October 2 at Fox Hill Country Club.

The tournament will be captain and crew format and will begin with brunch at 11 a.m. Play will begin at noon with a shotgun start. A dinner and reception will be held following the event at 6 p.m.

Proceeds will benefit LCCC's scholarship fund for financially-disadvantaged students.

Information about participant registration and hole sponsorship and/or dinner reservations can be obtained by calling the LCCC Foundation Office at 829-7360 or 829-7325.

PUBLIC NOTICE

LAKE-LEHMAN SCHOOL DISTRICT
SPECIAL EDUCATION PROGRAMS AND SERVICES

The Individuals with Disabilities Education Act mandates that school districts provide information to parents and guardians about programs and services available for students with special needs.

Identification
Students who are experiencing difficulty in school are referred for assistance by school personnel through the guidance counselor. Parents who suspect that their child may be exceptional and in need of special education should contact the principal or guidance counselor in the child's building. The school district Special Education office may be contacted as well.

Programs
Children with special needs who are identified as exceptional may be eligible for special education programs and/or related services. Special education programs are offered through the district or by contract with Luzerne Intermediate Unit in surrounding school district locations. Students with learning, behavioral or health/physical needs may receive services in a variety of programs: Gifted Support, Learning Support, Emotional Support, Physical Support, Life Skills Support, Multiple Disabilities Support, Deaf and Hearing Impaired Support, Blind and Visually Impaired Support, Autistic Support. In addition, related services are offered when necessary to support special needs students in regular or special education classes. These services are: Speech and Language Support, Vision Support, Hearing Support, Orientation and Mobility, Assistive Technology.

Screening Procedures
Prior to consideration of a formal, individualized evaluation or Special Education services, screening activities are conducted in an attempt to obtain as much information as is available on the child. Level 1 screening reviews the student's cumulative file and obtains observations from the classroom teacher. Level 2 screening consists of the usual vision and hearing screening done periodically by the school nurse. Any difficulties noted are reported to parents who then seek medical intervention. Level 3 screening in Lake-Lehman School District is accomplished through Instructional Support in elementary and middle level buildings. This is a support offered to all students who are experiencing classroom difficulty. Children are given informal screening by appropriate personnel for learning, motor, communication and behavioral difficulties. Parents are notified if their child is in need of Instructional Support and are asked to participate in the planning conference. Strategies suggested by the whole Instructional Support Team are then implemented by the classroom teacher with the goal of maintaining the student in his regular class setting.

Multidisciplinary Evaluation
Should Instructional Support strategies be insufficient to maintain the child, and allow him or her to obtain reasonable success in regular curriculum, a second level of intervention is offered, that being assessment of the child's need by the full multidisciplinary team (MDT). This team, which includes the parent or guardian, conducts a full evaluation of the child. Parent input is required in this evaluation. Teachers complete questionnaires and maintain work samples. Assessment is completed using curriculum-based and formal testing instruments. Notice of rights is given to parents and their permission is required prior to a multidisciplinary evaluation. A Comprehensive Evaluation Report is shared with all team members. Recommendations are made as to needed programs and services. An Individualized Education Plan (IEP) Team is called to determine if the student is exceptional and in need of specially designed instruction (Special Education).

Confidentiality
Lake-Lehman School District protects the confidentiality of personally identifiable information at the collection, storage, disclosure and destruction stages of that information. Parents and students who have reached the age of 18, may request, in writing, to inspect, review or copy education records maintained on the student. Information may be released only with parent consent with the exception of releasing records to another school which the student attends or will attend. Additional information about Special Education programs and services may be obtained by calling Regina Corbett, Supervisor of Special Education/School Psychologist at 675-2165.
