HomeAgain™
COMPANION ANIMAL RETRIEVAL SYSTEM
A Critical Link Between Lost and Found

One of Two HomeAgain
Systems

WHAT IS HomeAgain?
HomeAgain is the most complete pet-retrieval system available - providing safe, lifelong identification and enhancing the chances of retrieving a lost pet. This system is available through veterinarians.

HOW WILL HomeAgain PROTECT MY PET?
Permanent identification is provided by a tiny microchip that can be implanted quickly and safely in your dog or cat.
When your lost pet is brought to one of these locations, the HomeAgain identification code is retrieved and called in to the AKC Companion Animal Recovery Data Base. This data base is accessible 24 hours a day, 365 days a year, through a central 800 number. You are contacted immediately, and every possible step will be taken to reunite you and your pet.
