## Sem Lower School offers kids' summer activities

Primary students ages 4 to 10 from throughout the region can explore the world this summer through Wyoming Seminary's primary programs at Sem's Lower School campus in Forty Fort where a Macintosh computer laboratory, gymnasium, library, and new air-conditioned classrooms provide an ideal setting for fun and learning.

Summer courses are slated for July 1 through July 26, and students can register for one, two, three, or all four weeks of the program.

For the youngest students (ages 4 to 6), morning classes focus on bears, big cats, dinosaurs and "creepily crawlies"—as well as playful puppetry, music and dance, and the chance to build the city of your dreams.

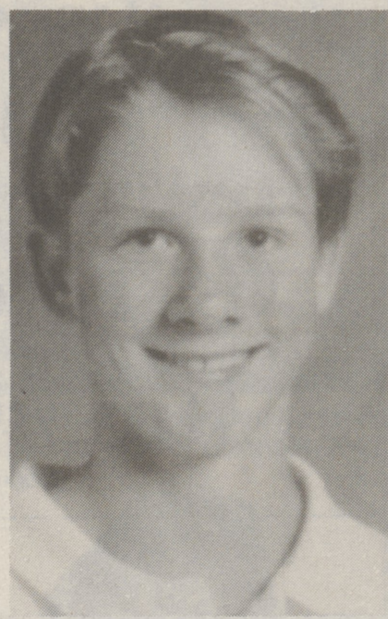

"Passport to Imagination: the World Traveler's Series" and "Picture the World" are just two of the courses that make up a busy summer for students ages seven to 10. Students will learn about world cultures by "traveling" to Australia, Brazil, China and Denmark,

celebrating each country's holidays, trying out their customs and sampling their food. They will also learn more about Japan, Africa, Spain, India and China through art projects that focus on each country. Older primary students can also sign up for afternoon tutorial sessions in math and reading.

Students can arrive as early as 8:45 a.m.; the first morning sessions begins at 9:15 a.m. Supervised free play is slated for 10:30 and the second morning class begins at 11 a.m. and ends at 12:15 p.m.

Afternoon classes are for seven to 10 year olds only; the afternoon class begins at 1 p.m. and ends at 2:30. Supervised free play begins at 2:30 and students depart between 2:55 and 3:15 p.m.

Fees are \$35 per week (one 75-minute session each day), \$65 per week (half-day sessions) and \$125 per week (full-day sessions, for older primary students only). For more information, or to register, contact Wyoming Seminary at 283-6066.
