

Dallas Rotary book scholarship winners

Each year Dallas Rotary Club awards four \$250 book scholarships to two students from Lake-Lehman and two from Dallas. The students are selected by the school guidance counselors for scholastic ability and other areas of excellence. This year's winners were, from left, Christopher Rishko, Lake-Lehman H.S., who plans to attend East Stroudsburg University to begin studies toward a degree in athletic training (sports medicine); Heather Barsh, Lake-Lehman H.S., who plans to attend University of South Florida to begin studies towards a degree in marine biology; Douglas Meyers, Dallas H.S., who plans to attend Penn State/Wilkes-Barre to begin studies towards a degree in electrical engineering; Melanie Love, Dallas H.S., who plans to attend College Misericordia to begin studies towards a degree in physical therapy.

Tyler Morgan named student ambassador to Great Britain

Tyler Nolan Morgan, 14, of Dallas, has been selected for the People to People Student Ambassador Program, which helps to achieve the goals of People to People International: "world peace through individual contacts." Tyler is representing American youth in England, Scotland, Wales and Ireland for three weeks in July. In addition to hotel stays, he will live with homestay families and at various Universities. He will visit places of historic or cultural interest, and have a briefing session at the House of Parliament in England. Tyler will be in ninth grade at Dallas High School this fall. He is the son of Dr. Kathleen Nolan and Dr. Glen Morgan and the brother of Adam Nolan Morgan.

TYLER NOLAN MORGAN

Macri to study at Scranton U's special summer program

Margie Macri, an eighth grade student in the Dallas Middle School, has been selected to participate in the Success School Program sponsored by the University of Scranton. Margie will attend a residential summer program at the university to study science, mathematics, writing, and computer skills. Recreational and field trip activities are also planned.

MARGIE MACRI

Pain may be eliminated for millions

(SPECIAL) -- A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as "Arthur Itis," and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis is an odorless, greaseless, non-staining cream and is available immediately without a prescription and is guaranteed to work. Use only as directed.
