## PSU students paint street signs at Harveys Lake

At Penn State Wilkes-Barre campus, to be a recognized organization, one of the requirements is a yearly community service project. This year the Penn State Surveying Society chose to paint road signs for Harveys Lake Borough. The Club gathered on April 5, at the Harveys Lake Borough Garage to fulfill this year's service obligation. The Borough supplied all the materials and the Survey Society supplied all the muscles. The reason for the new road signs is the renaming of some of

the borough's roads for the 911 System. Many roads in Harveys Lake have duplicate names and in times of emergency, can cause the loss of precious minutes.

Mark Molesky, the club president, stated next year the Surveying Society is considering repainting the Pole numbers around the lake. Mark noted anyone interested in obtaining more information on this project or the Survey Society, can look on the InterNet a WWW.Surveying.WB.PUS.EDU.
