Cellular phone 'monopole' approved for Trucksville

By KYLIE SHAFFERKOETTER
Post Staff

KINGSTON TWP. - The board of supervisors has approved Omnipoint Communications' request to put a wireless monopole on Russ & Shirley Major's property on Hillside Rd., where Rider's World is located in Trucksville. The monopole was accepted under the condition that it be removed upon termination of use.

Jean Simchak, consultant to Omnipoint, was pleased with decision. Simchak said the company usually uses small antennas, but due to the topography of the Back Mountain, it had to use the 100-foot monopole. Omnipoint is a digital system as opposed to an analog cellular system. Simchak said it is a smoother call without static. There were no public objections made about the structure.

Board members showed their appreciation for LaRoy Ziegler's dedication to the township by presenting him with a letter of commendation. Ziegler has served the community as treasurer of the Kingston Township Police Pension Fund and as a former supervisor.

The board passed an ordinance to prohibit parking on the eastern side of Hillside St. to Terrace Ave.

Jeff Box, township manager, read a letter from five residents of Somerfields subdivision asking the township to install a light at the entrance of the neighborhood.

The board accepted bids from eight companies on a 1994 Caprice police vehicle. Chicago Motors Inc., from Chicago, IL, won out with a bid of \$5,303.

Finally, the township created an Adopt-A-Roadway Program, in which volunteer groups will scour the roadways picking up litter.
