Dr. Cimochoowski attends fundraiser in Warsaw

Wilkes-Barre General Hospital Chief of Cardiac Surgery George E. Cimochoowski, MD., a resident of Dallas, recently visited the National Theatre in Warsaw, Poland, to attend a special holiday and fund raising concert featuring the renowned opera star Jose Carreras.

The concert raised over \$500,000 for the Friends of the Litewska Children's Hospital Foundation, a private, indepen-

dent charitable institution established jointly by the U.S. Agency for International Development, Litewska Hospital and the Warsaw business community.

Dr. Cimochoowski serves as chairman of the board of directors of Friends of Litewska Children's Hospital.

Dr. Cimochoowski and Carreras also co-signed a "Memorandum of Understanding" between the Friends of Litewska Hospital and

the Jose Carreras International Foundation for the Fight Against Leukemia, of which Carreras serves as president and founder.

In addition, Dr. Cimochoowski, who is a frequent visitor to Poland, began his philanthropic efforts to that country in the early 1990's when he spearheaded a series of medical supply and equipment donations on behalf of the Friends of Litewska Children's Hospital.

Dallas Lions donate to library

The Dallas Lions Club recently presented their annual donation to the Back Mountain Memorial Library. For many years the club has provided funds for audio tapes and large print books for use by the blind and visually impaired, as well as other members of the community.

Burning permits required in township

Kingston Township reminds residents that Open Burning Permits are required for all open fires.

Residents are reminded that Township Ordinance states that only wood, paper, tree branches, tree leaves and yard trimmings may be burned. The ordinance further states that no hazardous or other objectionable condition will be created by such burning.

The Township encourages residents to utilize other methods of disposal of the items referenced above, such as the township compost area at the Center Street Public Works Facility, the township bagged leaf collection program and the DAMA Recycling Program. The compost site is open Mon. to Fri., 7 a.m. to 3:30 p.m. Sat. and Sun., 8 a.m. to 4 p.m. Residents may haul leaves, branches and yard trimmings to this site instead of burning.

Residents are also reminded that the township Christmas Tree collection will be conducted Jan. 12 through Jan. 30. Trees must be placed curbside for collection by township crews. The township encourages the residents to participate in the collection program instead of burning trees.

Questions may be directed to the Kingston Township Municipal Office at 696-3809.

Rehabilitated and ready for life.

Alfreda Bryce worried surgery for total knee replacement would keep her from doing the things she loves, especially gardening. Thanks to the rehabilitation therapy she received at Allied Services John Heinz Institute of Rehabilitation Medicine, Alfreda is back doing all the things she enjoyed before surgery. Her therapists helped Alfreda regain her range of motion, strength, balance, and most importantly, her independence... and her garden never looked better.
