The proposed operation is located in Kingston Township, Luzerne County, north of Luzerne and Swoyersville Boroughs on the south side of Bunker Hill (Mountain). The operation is located on the Luzerne 7.5 Minute Quadrangle topographic map, 9 1/2 inches north and 3 inches west of the bottom right hand corner of the map.

Brdaric Excavating, Inc. is also making application to the Department of Environmental Protection for approval of a blasting plan for the proposed operation. The proposed blasting schedule is as follows:

Blasting will be conducted as needed on weekdays between 8:00 AM and 4:30 PM. Blasting schedules may change due to weather conditions such as rain, snow, fog, or low visibility. Blasting schedules may also vary due to unexpected production delays or increases. Blasting will be performed within appropriately bonded areas. All access roads to the blasting area will be closed prior to setup for blasting and until the area is safe to enter. Prior to blasting, an audible warning of three long whistles will sound. Four short whistles will be sounded after the blasting area is once again secure.
