DHS GUIDANCE NOTES

Seniors should have final packages ready soon

Seniors applying to colleges are reminded to have the final package ready for your school counselor to review before attaching the official transcript to mail to the college or university. Helpful tips are:

1. Application is typed.
2. Essays are typed.
3. Teacher recommendations are addressed to a specific college or university.
4. Check and/or fee waiver is attached.

Due to the large volume of applications received by the Guidance Department, students are asked to submit their completed applications to their counselors at least a month in advance to assure timely processing or mailing.

Many colleges and universities offer open house campus visitations on weekends. When you attend these open houses, ask the admissions counselor for a fee waiver. Some post-secondary schools do offer fee waivers for attending the open house. The fee waiver should be attached to the

application before it is mailed out.
