Pilosi led Bucknell engineering team

Vito Pilosi III, R.R.4, Dallas, served as co-captain of the team of Bucknell University mechanical engineering students who finished second among 44 teams from the United States and Canada in the Mini-Baja East Competition for all-terrain vehicles held recently in Orlando, Fla.

In the three major competition categories, Bucknell was first in cost reporting, second in the mud bog and third in the weight-pulling event.

Pilosi graduated from Bucknell May 16 with a bachelor of science degree in mechanical engineering.

The son of Diane and Vito Pilosi Jr., Dallas, he is a graduate of Lake-Lehman Junior-Senior High School.

Designing and building the Mini-Baja car is an annual year-long senior design project. Eight seniors, a junior and two sophomores were on the team. The ATV is raced over land and water.

Dallas district urges early registration

The Dallas School District is requesting the cooperation of parents with children of school age who have not registered for the 1999-2000 school year.

It is essential that the district be informed, as soon as possible, of all new students planning to register, especially kindergarten and first grade students. Problems occur with class and school building assignments as well as transportation arrangements when students are registered late.

Parents of new students or those transferring from other schools are strongly encouraged to register their children immediately.

Late elementary registrants may not be assigned to the preferred school building.

All kindergarten through fifth grade students are to register at the administration building. Middle and senior high students will register at their respective school offices.

Parents must bring birth certificates, report cards from the previous school, Social Security cards and immunization records. No student will be allowed to enter school without proof of the newly required immunizations.

If there are any questions, call the school district at 675- 5201.

Beadsworth named to Syracuse dean's list

WS Vo-Tech adds firearms program

The Law Enforcement/Police Science Program at West Side Area Vocational-Technical School announces the addition of the firearms Training System (FATS) to its Law Enforcement Curriculum. The installation of the equipment will provide a common educational environment, shared with State, County and Local Law Enforcement agencies. In addition, the program is designed to provide the students with in-depth knowledge and the ability to evaluate the use of Deadly Force in Shoot/Don't Shoot situations.

A training/certification seminar will be conducted on Tuesday, June 22, starting at 9 a.m. and concluding at 4 p.m. The training certification will be provided by a training officer from the Firearms Training Systems.
