Save the Children®
 Eyewear by Clear Vision®
 Helping Kids See Better

Colorful Save the Children frames are perfect for those hard to fit Tween sizes. Frames that will not only help your children see better, but will help other children see a better future.

Between 2 and 3 percent of the retail price of ClearVision's Save the Children eyewear goes to support Save the Children, a not-for-profit organization, dedicated to making lasting, positive change in the lives of disadvantaged children in the United States and throughout the world. Eyes on the Future provides quality eye care to Native American children in Arizona and New Mexico.

Free gift with every purchase.
