## Lehman-Jackson students discover Reading is FUNdamental

The Lehman-Jackson Elementary PTA recently sponsored its second free book distribution of the year through its RIF program. RIF, which stands for Reading is Fundamental, is the nation's oldest and largest nonprofit literacy organization. It provides books and reading motivational activities to more than 3 million children every year.

The program shows students reading is fun and FUNdamental to success in life. It encourages children to become lifelong readers by building self-esteem and

involving the most important people in their lives—parents, teachers and other children, in the learning process. Special activities were held throughout the day, and a contest challenging students to read ended with a total books read for the month at a whopping 2,095! This book distribution was made possible with funds raised by the Lehman-Jackson PTA, by major contributions from UGI Corporation, and special assistance and donations from Sam's Club and Toy 'R' Us.
