

New speed limit on E. Center St.

The Kingston Township Board of Supervisors has announced that the speed limit has been reduced on East Center Street from 35 m.p.h. to 25 m.p.h. The Supervisors commissioned a traffic and engineering study of the street to determine if the speed limit could be reduced. The speed limit reduction is intended to make the ingress and egress safer for homeowners who have numerous driveways along the street. The

speed limit reduction is also intended to make travel safer for motorists.

Once the street is posted with the new speed limit signs, a "grace period" will be in effect while motorists become used to the new speed limit before enforcement will begin.

Residents with questions about the new speed limit may be directed to Kingston Township Manager Jeffrey Box at 696-3809.
