**History of Little League published**

For more than 60 years, youngsters have trotted onto Little League Baseball playing fields, with dreams of being the next Willie Mays, Mark McGwire, or Lisa Fernandez. 'Play Ball! The Story of Little League Baseball,' recently published by Penn State Press, is the first complete account of the sport played every spring by more than 360,000 children worldwide.

The book charts Little League Baseball's history from its earliest days in Williamsport, to the playing fields of Venezuela, Japan, and Poland, and

shows how, in many respects, Little League's history parallels America's history. It examines issues such as racial and gender equity, and devotes a chapter to girls' struggle to participate in the organization.

Play Ball! contains appendixes that include winners of all Little League Baseball and Softball World Series through 2000, a year-by-year history of Little League, countries in Little League, and lists and pictures of some of the famous people who played the game as children.

Thomas "Tip" O'Neill  
Former Speaker of the House

**Shouldn't your advertising be, too?**

Love him or hate him, Tip O'Neill knew one thing – when the votes are counted, it doesn't matter what people who live outside your district think about you. That's as true in the Back Mountain as it is in Back Bay, so if you're planning campaign advertising for a local office, put it where it will count the most...in The Dallas Post. The Dallas Post is all local, all the time. Our readers are among the most influential and active in the region, so

getting their vote might mean getting even more – their influence with friends and neighbors. Sure, the city papers can claim more circulation, but what good does it do if the readers live in Wilkes-Barre, Pittston or Mountaintop? Not a bit.

Put your advertising where the votes are – in The Dallas Post. Call today for low rates and other information.
