**Arthritis Drug Works!**

(Special) The debilitating pain of arthritis affects over 30 million Americans. Patients seek remedy after remedy. In many cases patients end up frustrated and still in pain. "There is no miracle cure and not every new medication that hits the market to treat arthritis will work for everyone." In many cases, they are too expensive for many senior citizens on fixed incomes, states Gary Bass, president of an Orange Park, Florida drug company that has been receiving letters from people across the country. They are writing about the welcomed relief they have found in the companies product aptly called, Arthur Itis(R). Bass says his desk is piled with letters from people just like his own 78 year old Mother who also uses Arthur Itis on her neck and shoulders to relieve pain of a pinched nerve. "She hates to take pain tablets because they irritate her stomach." One woman from Illinois wrote that 5 or 6 of her friends and she were using the Arthur Itis cream rub and said they liked it because it works. A woman from New Mexico said the product did wonders. A woman from New York said she likes it because it was odorless and definitely helped the pain. A man from Virginia said he had been using the product for 3 years and it was the only product of its kind that worked for him. A woman from Minneapolis said it helped her pain tremendously. An 84 year old woman from West Virginia said that she had sued other brands of arthritis medication, but nothing has helped her as much as Arthur Itis(R). Arthur Itis(R) is available without a prescription and is guaranteed to work or your money back. You may order a month supply of the penetrating cream rub or the convenient roll-on by calling 1-800-635-8372 or send a check or money order for \$19.95 plus \$3.00 S/H to Stellar Health Products, 71 College Drive Orange Park, Florida 32065. You may also purchase Arthur Itis (R) at the fine Pharmacies below.
