2002 trout stamp and print released

The PA Fish & boat Commission has released the 2002 PA Trout/Salmon Stamp. The art of nationally known artist, Larry Tucci, will be featured on the stamp, limited edition prints, and collectible patches.

The PA Trout Stamp Program has been one of the state's most successful and collectible programs. The program began in 1991 with a brown trout and continued with the fish theme until 1996 when the stamp images highlighted the "Streams of PA" starting with "Harveys Creek." The 2002 stamp is another example of utilizing the best work available to represent Pennsylvania. Tucci's brown trout is one of the finest trout paintings ever done.

Limited edition prints, stamps, and collectible patches are available from the PF & BC's official publisher, Wilderness Editions. PCC corpsmembers, who are young men and women between the ages of 18 and 25, complete a variety of projects of public benefit. Members working on the Exeter Borough project will assist in the renovation of the borough's new town hall.

Corps members are offered a one-year term of service, and may be extended for up to two additional six-month terms. They earn \$5.15 an hour to start, and \$5.67 an hour after six months on the job. Corpsmembers who successfully complete a year of service

earn a \$1,000 cash bonus and may qualify for an education award up to \$4,275.

Corpsmembers get on-the-job training in power-tool safety and operations and many other skills. They are also offered out-service training, which may include vocational-technical courses, college classes, field trips, and - if needed - the chance to earn an equivalent high school diploma.
