Dear Santa,
For Christmas I have decided that I want kitten. In this letter I will share with you a few of my many reasons why I deserve a kitten. My first reason is that I will be totally responsible for it. When I get a kitten I will not forget about my dog and I will still play with her. Also I will let my little sister Alyssa play with it. If I get a kitten I promise that I will take care of it. I will clean up after it, feed it, and play with it. My mom will never have to complain about me not being responsible. I already know how to take care of a dog, so it can't be that much different. I will love my kitten with all of my heart. If I get a kitten I will not forget about my dog, Boo. I will still play with her and feed her also. She will still be the best little puppy ever. I will make sure that my kitten and Boo do not fight with each other. I know that my family and I would be paying a lot of attention to the kitten, but it is impor-

tant to remember that we also have a dog. My last reason is that I will share it with my sister. I would let her play with it, but of course shw would have to take

part in helping me feed it or cleaning up after it. I know that at first everybody will want to play with it, but I wil make sure that my little sister gets to play with it too. I hope that I gave you enough good reasons to get a kitten, because I can't put in words how much I want one. I hope that you are persuaded!

your favorite little girl, Carli
