Grants to help pay heating bills

UGI Utilities, Inc. (UGI) is helping eligible gas and electric customers apply for grants from a federal energy assistance fund.

The monetary grants, which do not need to be repaid, help customers in financial need pay their heating bills, repair or replace a heater and avoid utility service shut off.

To find out if they qualify for energy assistance dollars, customers should call UGI's toll-free phone number: 1-800-UGI-WARM (1-800-844-9276). UGI will mail applications to eligible customers and provide instructions and assistance on completing and submitting the forms.

To qualify for assistance a customer must provide proof of income, a recent heating bill, and the name, birthdate and Social Security number for each person in his or her household.

Applications are due by January 31, 2002. However, funds are available on a first come, first served basis.
