

## Misericordia to hold Summer Open House

College Misericordia invites high school students and their parents to the annual summer Open House at its Dallas, Pennsylvania campus. Open House will be held on from 9:30 a.m. to 3 p.m. Saturday, August 10.

The Open House schedule includes registration and refreshments; campus tours, including the newly renovated Administration Building and classrooms; a faculty session; lunch; meetings with representatives of student services, athletics and student government; and a session on financial aid.

For more information, contact the College Misericordia Admissions Office at 675-4449, toll free at 866-262-6363, or by e-mail at [admiss@misericordia.edu](mailto:admiss@misericordia.edu).

## College Misericordia adult program tuition frozen through 2005

College Misericordia has announced a tuition freeze for its EXPRESSWAY accelerated degree program. The freeze will hold EXPRESSWAY's new tuition rate of \$262 per credit for three years. Effective August 2002, students enrolling in the EXPRESSWAY Program will be guaranteed the same rate until fall 2005. The previous tuition rate, also held for a period of three years, was \$242 per credit.

Designed specifically for adult learners, the EXPRESSWAY Program allows individuals to earn a bachelor's degree by attending classes just once a week at Luzerne County Community College. EXPRESSWAY offers bachelor's degree programs in management, marketing, business administration, management information systems, and nursing for registered nurses.

For more information on the EXPRESSWAY Program, call 1-866-CM and Me, 1-866-262-6363, or visit [misericordia.edu](http://misericordia.edu).

## Zarambo graduates from Albright

Gwen Zarambo of Dallas, recently graduated with a bachelor of arts degree in psychology from Albright College. Zarambo is a graduate of Dallas Senior High school and is the daughter of Mr. and Mrs. Leonard Zarambo, Dallas.

## PSU W-B receives defibrillators through grant

Penn State Wilkes-Barre's Safety & Security Committee recently announced the acquisition of two automated external defibrillators (AEDs) for use at the campus. This equipment was secured through a Department of Community and Economic Development Grant through Senator Charles Lemmond's office. The campus received two automatic defibrillators with CPR and training in their use, valued at over \$7,000. AEDs are used to treat cardiac arrest by measuring and interpreting electrical activity in the heart.

Shown, from left, seated: Mary E. Hines, Ph.D., campus executive officer; Senator Lemmond; Patricia Crahall, campus nurse. Standing: Safety & Security committee members: Fred Wetherbee, Reese Smith, Robert Davis, Jack Monick, and Wayne Felty, Ph.D. Absent from the photo are Gary Beisel, committee chair and Susan Wysocki.

## Jones perfect during spring 2002 semester

Nathan C. Jones, Dallas, recently achieved a 4.0 average at Embry-Riddle Aeronautical University, Daytona Beach, Florida, where he is majoring in Aviation Safety Science.

Last year, he was awarded a 3-year-ROTC scholarship and upon graduation in 2004, will be commissioned as a second lieutenant in the U.S. Air Force with aspirations towards flying, Air Combat Control, and Special Operations.

Nathan C. Jones

Springs, CO. He currently holds a staff po-

sition on Embry-Riddle's Brigadier General William W. Spruance Special Operations Precision Drill Team and participated in a national drill team competition at the Air Force Academy in April. This summer he will obtain additional Air Force training at Lackland Air Force Base in Texas.

He is the son of Linda and Dan Jones and was a 2000 graduate of Dallas Senior High School.

Who in American Colleges and Universities, Pope was one of only 10 students to receive the Campus Life Award for exceptional service to the College community. He also served as president of the Student Government Association. Pope is a graduate of Dallas Senior High School.

## Nackley, Pope graduate from Ithaca College

Dallas residents Nicole Nackley and Jayson Pope recently graduated from Ithaca College.

Nackley graduated summa cum laude with a bachelor of science degree in business administration from the School of Business. She had concentrations in both management and marketing. She was previously

inducted into Oracle, Phi Kappa Phi (national), and Sigma Iota Epsilon (management) honor societies. Nackley is a graduate of Dallas Senior High School.

Pope earned a bachelor of arts degree in social studies, with teacher certification, from the School of Humanities and Sciences. Inducted into Who's

Who in American Colleges and Universities, Pope was one of only 10 students to receive the Campus Life Award for exceptional service to the College community. He also served as president of the Student Government Association. Pope is a graduate of Dallas Senior High School.

## Promotions granted to Penn State Wilkes-Barre faculty

Charles D. Ghilani, Ph.D., has been promoted to Professor of Engineering at Penn State Wilkes-Barre. Dr. Ghilani is program chair for the baccalaureate degree Surveying program and associate degree in Surveying Technology at the campus. He earned his B.S. in Mathematics and Education from the University of Wisconsin-Milwaukee and his M.S. and Ph.D. in Civil & Environmental Engineering from the University of Wisconsin-Madison.

Dr. Ghilani joined Penn State Wilkes-Barre in 1989. Since that time, he has written numerous articles, co-authored books, and conducted workshops regarding surveying issues. He has received several awards from the University and the PA Society of Land Surveyors. He is a member of the American Congress of Surveying and Mapping, the American Society of Photogrammetry and Remote Sensing, the Urban and Regional Information Systems Association, the Wisconsin Society of Land Surveyors, and the Pennsylvania Society of Land Surveyors. He resides in Sweet Valley with his wife, Mary.

Thomas Seybert, Ph.D., Shavertown, has been tenured and promoted to Associate Professor of Engineering. Dr. Seybert earned his B.S., M.S. and Ph.D. degrees in Civil Engineering from Penn State University. He worked in private industry for several years before beginning his teaching career at Penn State Beaver. He joined the Wilkes-Barre campus in 1996 where he recently received the Penn State Engineering Society's Outstanding Teaching Award. Dr. Seybert is principal

author of the Virginia Tech/Penn State Urban Hydrology Model and the Penn State Runoff Quality Model. Throughout his career at Penn State, he has been involved in projects related to civil engineering water resource topics. Currently, he and his students are working on a Watershed Assessment Project at Sylvan Lake.

Albert Lozano, Ph.D., has been tenured and promoted to Associate Professor of Engineering. Dr. Lozano earned his master's degree in Telecommunications Engineering and his doctoral degree in Electrical Engineering from Polytechnic University of Catalonia in Barcelona, Spain. He joined Penn State Wilkes-Barre in 1996 and is currently chair of the associate and baccalaureate degree programs in Electrical Engineering Technology. He has authored articles for refereed journals and has written and presented papers at numerous professional conferences. He is a member of the Institute of Electrical and Electronic Engineers, Association for the Advancement of Medical Instrumentation, and the American Society for Engineering Education. Dr. Lozano resides in Dallas, with his wife, Marcia, and son, Jonathan.

Kathleen Brennan, Dallas, has been promoted to Senior Instructor in English. Ms. Brennan holds a master's degree in English from the University of Scranton. She received her bachelor's degree in English/Secondary Education from College Misericordia. Ms. Brennan teaches literature and writing skills at the campus in Lehman.

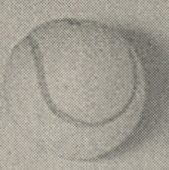

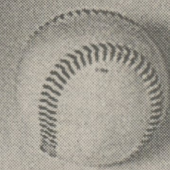

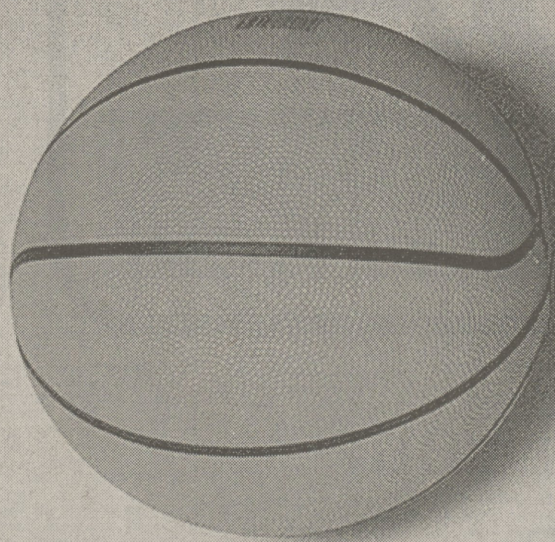

## Lake-Lehman to hold open house for middle level students

The Lake-Lehman Middle Level Education Building will host an Open House August 12-14. This yearly event allows seventh and eighth grade students who are newly attending the Lake-Lehman MLEB, to try lockers, locate rooms, and become familiar with the layout of the school. Information pertinent to the Open House will be mailed to all students the first week of August. Students must bring this information on the day they choose to visit the school.

Students and parents are welcome to attend, according to the following schedule: Monday, 9 a.m. to noon, August 12; Tuesday, 1-3 p.m., August 13; Wednesday, 6-8 p.m., August 14.
