on 15 completions in 24 attempts, including a touchdown. Junior Josh Cragle and sophomore Ryan Arcangeli have emerged as possible backups.

**RUNNING BACKS:** Another area of question for the Black Knights, Langan said he will likely look to a relatively inexperienced backfield by committee this season. Mike Mully, Greg Pimm and Chad Derhamer will likely see time at fullback, while Dave Harris, Brandon Wren and Derhamer will battle for the starting nod at tailback. Harris was the leading gainer Saturday, with 45 yards on nine carries.

**OFFENSIVE LINE:** This is where Lake-Lehman's success hinges. Langan said this will be the key to the Black Knights' strength, and told his team that the key to success rests on the senior offensive line. Mike Hillman returns at center, while Mike Rusonis returns at guard and Bob Roper and Matt Galka will be the tackles. Guards Ed Little and Matt Gemberling will battle to fill the only hole on the line.

**RECEIVERS:** Flanker Jim Mahon is the only receiver returning from last year's team, leaving a hole at wingback. Ryan Mully should see playing time there. Tight end Dave Strenfel, an NEPFC honorable mention last season, returns there, but junior Mark Yankowski has worked out at tight end as well.

**DEFENSIVE LINE:** The Black Knights' defensive line could be just as strong as the offensive

line. Brian Mully and Scott Arnold will see time at nose tackle, and Roper, Rusonis and Galka will platoon at defensive tackle. Little returns at defensive end, and Gemberling, Glenn Ashton and Brandon Burkhardt will battle for time on the other side.

**LINEBACKERS:** Although Strenfel and Mike Mully started last year on defense, Langan said they will start at inside linebacker for the first time.

**SECONDARY:** Matt Ide is back at safety, as is Harris at outside Monster back. Mahon, an honorable mention last year, is back at corner, but Langan said the other cornerback position is up for grabs. Besteder, Cragle and Wren have worked out there.

**OUTLOOK:** Four out of the first five games for Lake-Lehman are at home, and four of the last five are away, mak-

ing it necessary for the Black Knights to gain a home field advantage immediately.

"Our schedule is kind of strange," Langan said. "We're basically going to have to be road warriors the second half of the season. We'll have to capitalize on those first five home games to set us up for that long road trip at the end of the season."

A lot Lehman's success will rest on the offensive line's ability to make up for the inexperience in the backfield, which could make for a long season.

"The area we have to be most concern with is the inexperience of the offensive backfield," said Langan. "Basically, I have five or six guys in the backfield working by committee. Hopefully, one of them will rise to the top, or basically we'll go by committee through the course of season."
