

Gate of Heaven adds 'Edline'

Gate of Heaven recently introduced Edline. Edline is a technological advance, and one more way Gate of Heaven School is preparing students for the rapidly-changing future they will one day face.

"Edline is a report card/student progress report at your disposal; it is a constant update of what is taking place at school" said Principle Mary Tighe.

Edline links students and parents to the school by providing online access to classes, teachers, activities, sports. The features of Edline are varied such as the progressive calendar, which lists the next four upcoming events concerning the student. In the future, links will be available that will share web sites with what is being studied in the classroom.

GOH PTG meets, plans year's activities

The first PTG meeting of the school year was held on Sept. 25. Newly elected officers Pearl Fulton (Vice-President), Gloria Bilder (Secretary), and Lisa Stein (Treasurer) were introduced by PTG President Patti Zurad. The group listened to an overview of fundraisers for 2002-2003. It was agreed that emphasis be placed on fewer, more intensive projects.

A major fundraiser, the annual PTG Fall Auction, will be conducted on Saturday, November 9, in the school gym, that will include items such as rocking chairs, gift certificates and Regis and Kelly Show tickets.

Mr. Abe Simon, technology Coordinator, presented GOH's most recent technological advance - "Edline." Edline complements the library's automated system and Gate of Heaven's school-wide computer network with Internet access.

Homecoming festivities at Wyoming Seminary

Members of the classes of 1987, 1992 and 1997 are also invited to attend class reunion parties.

Activities will begin with the Varsity Club Sports Hall of Fame Reception and Banquet, to be held at 7 p.m. Friday, Oct. 18 at Fleck Hall on the Upper School campus in Kingston. This year's inductees include Jack Platt, class of 1949; Dr. Howard Beane, class of 1949; Mary Shafer Wakeman, class of 1975; Barbara Klein Windham, class of 1976; Scott Parkhurst, class of 1978; Rob Lytle, class of 1985, and Christopher Saul, class of 1986. This year a new Alumni Appreciation Event will begin as soon as the football game ends, under the tent behind Carpenter Athletic Center on Chestnut Street. Students get a charge out of assembly

Students at Lehman-Jackson Elementary School recently participated in the Electric Show assembly given by the Franklin Institute Science Museum's Traveling Science Show. Traveling scientist, Kristin Coffan, explained how electricity works and discussed some of the major discoveries achieved by such famous pioneers in the electrical field as Volta, Oersted, Farady, and Edison. Students helped with some hands on demonstrations and in the end gained a better understanding, along with a greater appreciation, for electricity and how it is depended on in today's world.
