*it's about where i'm going, not where i'm from.*  
*it's about standing out as an individual, yet still succeeding as a team.*  
*And it's all mine.*

How far I go in my career is truly up to me and my abilities. Sure, every company says that, but at Enterprise, it's actually true. When I produce results, I get promoted, and I've seen incredible earning potential since day one.

Enterprise doesn't expect me to be this great businessperson overnight. They train me. Support me. Reward me when I perform. I'm fast-tracking in a \$6.5 billion company with 50,000 people from all walks of life. Yet it's still a tight-knit culture where energetic people take ownership of their careers. And I really enjoy that.

*My personal enterprise*
