Antique and Classic Boat Show Saturday at Harveys Lake

Over 50 Antique and Classic Boats will displayed from the Mid Atlantic States along with Antique and Classic Cars and Trucks.

An Antique and Classic Boat Show sponsored by the Northeastern Pennsylvania Chapter of the Antique and Classic Boat Society will be held on Saturday May 31, from 10 a.m. to 4 p.m. at Grotto Marina, Route 415 Harveys Lake, PA. A Boat Parade around Harveys Lake will commence at 4:15 p.m. This Show is dedicated to the memory of William Woolbert, a local boat dealer for over 50 years, that inspired the present members to establish the local Club in 1990. Mr. Woolbert passed away on May 16, 1999. Over 50 Antique and Classic Boats will be displayed from the Mid Atlantic States along with Antique and Classic Cars and

Trucks. The Local chapter of A.C.B.S. was founded in 1990 and is one of 44 chapters throughout the United States and Canada. The chapter sponsors boat shows and cruises on various lakes of Northeastern Pa. and the Chesapeake Bay of Maryland every summer along with a display at The Ft. Washington Expo Center in January every year. The chapter has more than 80 members who own more than 100 Boats in the local area. The chapter was the first Chapter to be chartered in Pennsylvania. There is no admission charge of fee. The public is invited to attend. Free boat rides will be given.

Survivors Celebration honors cancer survivors, volunteers at Montage on June 8

Luzerne County residents who have been affected by cancer in any way are invited to attend the Northeast Regional Cancer Institute's 11th annual Survivors Celebration on Sunday, June 8 from 1-4 p.m. at Montage. The event is free of charge. The theme of this year's event is "Volunteers Light the Way," and the event, held in honor of all of the people from Northeastern Pennsylvania who are coping with cancer in their lives and those who are now free of the disease, will also honor volunteers involved in all aspects of cancer care and encourage cancer survivors themselves to be involved and give back. "It seems to be the American Way-to step forward, to assist our family, friends and neighbors in a time of need," said Bob Durkin, president of the Cancer Institute. "That spirit is present in the actions of hundreds, nay thousands of volunteers throughout Northeastern Pennsylvania, who work with and assist those facing the challenges of cancer. We are proud to honor those volunteers at this year's Survivors Celebration." - more - Page 2... Cancer Institute's 11th annual Survivors Celebration honors survivors, volunteers at Montage June 8 Each year approximately

2,000 members of the Family of Survivors-which includes cancer survivors and their families, caregivers, and friends-attend the festivities. Monsignor Andrew McGowan, Judge Carmen Minora, and Richard Chin are this year's featured guests and speakers, and Jill Garrett, health reporter from WNEP-TV 16, will once again lead the program as emcee. Additional highlights include informational display booths and interactive projects; food; musical entertainment including Oldies 92 & 100 broadcasting live; Doug Smith's Dixieland All-Stars Band and Kathy Elgaway; caricatures; jugglers and clowns; face painting; and children's games. Cancer survivors who have not yet painted a tile for permanent display at the Cancer Institute's Cancer Survivors Park in McDade Park, Scranton, will also have the opportunity to do so. Shuttle transportation from the parking lot to the lodge is available. To register for the event, or for more information, please call the Cancer Institute at (570) 941-7984 or (800) 424-6724.

RESEARCH MATTERS

by Dr. David J. Madeira

Chiropractic and Strokes?

Every several years a new study comes out purporting to link stroke with manipulation. It is usually given a great deal of media attention. And on it's face it would seem to make sense. Someone twisting your neck sounds dangerous. But in well-trained hands, manipulation is one of the safest treatments available. Here is a study that didn't receive any attention because it lacks the excitement the media craves. A literature review in the September, 2001 issue of *The Journal of Vertebral Subluxation Research* reports that patients under chiropractic care experience strokes at a considerably lower rate than people who are not under chiropractic care. The review found that people not under chiropractic care suffer strokes at a rate more than twice that of people who are under chiropractic care. Some of the studies reviewed put that number much higher saying non-chiropractic patients are 27,500 times more likely to have a stroke than chiropractic patients.
